MUNICIPAL OWNERSHIP

QUESTION IS TO BE SUBMITTED TO CHICAGO VOTERS TODAY.

HIGH LICENSE FOR SALOONS ALSO AN IMPORTANT ITEM—MAYOR DUNNE IS CONFIDENT.

CHICAGO, April 2.—[illegible] municipal ownership of the Chicago street railways will be submitted to the popular vote tomorrow and the result is awaited with [illegible] interest. The contest has been [illegible] the most bitter that has been waged in this city in many years.

Members of the Municipal Ownership league have been detailed to remain at every polling place in the city to [illegible] the interests of the "little ballot" on which are being the three propositions relative to municipal ownership which are to be voted for has been [illegible]. Representatives of factions which are opposed to municipal ownership will also have watchers in every precinct.

The usual party lines which exist at aldermanic elections in this city have been largely obliterated and the eligibility of candidates is considered in the light of their attitude toward municipal ownership and a high license for saloons.

Dunne Confident.

The advocates of municipal ownership tonight expressed the utmost confidence in the result, declaring that the voters of Chicago will favor it by an overwhelming majority. Mayor Dunne predicted tonight that the municipal ownership ticket would carry 3 to 2.

Thomas Carey, chairman of the Democratic county central committee and a political enemy of Mayor Dunne, said:

"I feel satisfied that the voters will turn down the propositions in a way that will surprise the advocates of municipal ownership."

James Reddick, chairman of the Republican county central committee, contented himself with predicting an increase in the number of the Republican members of the city council.

Three Propositions.

The propositions to be voted for tomorrow are as follows:

First—Shall the city of Chicago proceed to operate street railways.

Second—Shall an ordinance passed by the city council of Chicago providing for the issue of street railway certificates in an amount not to exceed $75,000,000, the money to be used for the purchase of the existing street railway companies, be approved.

Third—Shall the city council proceed without delay to acquire municipal ownership and operation of all street railways in Chicago instead of granting franchises to private companies.

The first proposition must receive 60 per cent of all votes cast in order to become binding. A majority carries the other two.

Saloon Question.

In addition to the contest on municipal ownership, the question of whether saloon licenses shall be $500 or $1,000 per annum will be up for final settlement. The numerous crimes against women committed in this city of late caused a widespread belief that they were indirectly the result of many saloons which existed under a low license, but which would be wiped out if the amount was placed at $1,000. The city council after a sharp fight passed an ordinance making the license $1,000. The liquor interests have made a strong fight against every alderman up for reelection who voted for the ordinance. If a majority of these men are returned to the council, the $1,000 license is expected to remain; otherwise it is believed the ordinance will be repealed and the old figure of $500 restored.

LEGISLATORS WON'T HAVE TO PAY FARES HOME

DES MOINES, April 2.—The house today by a vote of 72 to 11 receded from the amendment to the antipass bill which would have required legislators to pay their fares home, and the bill is now ready to go to the governor. It prohibits all public officials, including federal officers, from accepting favors from the railroads.

PLENTY OF WATER FOR COLON, SAYS STEVENS

WASHINGTON, April 2.—Reports of an impending water famine in Colon have called forth a statement by cable from Chief Engineer Stevens to the effect that he has the situation completely in hand and that there is and will be ample water and no one will suffer.

CZAR TO GRANT AMNESTY TO POLITICAL PRISONERS

ST. PETERSBURG, April 2.—It is rumored that Emperor Nicholas' Easter gift to his people will be a proclamation granting general amnesty to political prisoners. In the midst of the present repression, however, it is difficult to understand how it is possible to open the doors of the overcrowded prisons.

KAISER CONGRATULATES GERMANY'S DELEGATES

BERLIN, April 2.—Emperor William has telegraphed to Herr Von Radowitz and Count Von Tattenbach, the German delegates to the Moroccan conference, a cordial acknowledgement of their work at Algeciras.

Chancellor Von Buelow is expected to address the reichstag May 5 on the [illegible] of Morocco.

DENVERS RACING DATES ARE FIXED

CHICAGO, April 2.—The Denver [illegible] was granted racing dates from [illegible] by the board of stewards of the Western Jockey club.

GIRLS CAN DANCE NOW

WILLIAM FULFILLS PROMISE TO FURNISH PARTNERS FOR CREFELD LADIES.

SENDS REGIMENT OF CAVALRY AND IN RETURN IS SHOWERED WITH "HEAPS OF FLORAL OFFERINGS."

CREFELD, Germany, April 2.—When Emperor William visited Crefeld in 1903, a group of girls complained to his majesty that they had no dancing partners and begged him to send a regiment of cavalry here. The emperor promised to do so, and today a regiment of Hussars arrived here from Duesseldorf and with it came the emperor, who had decided to take part in the regiment's reception. The young women of the city enthusiastically acclaimed the soldiers and handed the staff officers heaps of floral offerings for his majesty. The latter, replying to the mayor's speech of welcome, said:

"I have kept my word. Today I have given the town its garrison and the young ladies their partners."

The emperor's remarks were greeted with cheers. The city is gaily decorated.

Since the emperor made his promise to the young women at Crefeld in 1903 the reichstag appropriated the money necessary to erect permanent barracks here, which have been constructed for the accommodation of a regiment of cavalry.

NATIONAL RAILWAY CO. HOLDS ANNUAL MEETING

SALT LAKE CITY, April 2.—The National Railroad company of Mexico, which operates 900 miles of railway in the southern republic, held its annual meeting here today. Present at the meeting, voting 401,832 shares of the stock, were President E. N. Brown of Mexico City, E. E. Bushford, New York, assistant secretary, and local representatives of the Harriman interests. The former board of directors was re-elected with the exception that Robert Munez of the City of Mexico was elected to succeed J. G. Metcalf of New York.

ALLEN MORRIS ON TRIAL FOR MURDER

Special to The Gazette.

CRIPPLE CREEK, April 2.—The case of the People vs. Allen Morris, charged with the murder of Irving Thomas at Clyde on February 26, was begun this morning before Judge Seeds. All of the testimony was taken this afternoon with the exception of that of Sheriff Edward Bell, against which objection was made by the prosecuting attorney on the ground that his testimony was incompetent in stating that he had verbally deputized the defendant. Of all of the witnesses who testified, none saw the killing. Morris took the stand in his own behalf, saying that he acted in self-defense.

FOOD AS WELL AS MONEY FOR FAMINE SUFFERERS

NEW YORK, April 2.—The latest private advices from Japan have shown famine conditions in Sendai and the northern provinces to be so serious that the New York state Red Cross has determined to raise not only money, but food in this country for the relief of the starving Japanese. This decision was reached at the meeting of the Japanese famine committee held today. The committee decided to accept the offer of E. H. Harriman, president of the Union Pacific and Southern Pacific railroads, to transport 2,000 tons of food from any of the freight stations on his railway system to the Pacific coast and thence by the Pacific Mail Steamship line to the Red Cross of Japan.

JOHN D. ROCKEFELLER TO LIVE IN CALIFORNIA

LOS ANGELES, April 2.—The Express today says:

John D. Rockefeller expects to make his home in southern California. He has bought the Carmelita property in Pasadena, for which it is said he paid $250,000, and has arranged to expend $200,000 more before he enters upon its occupancy. The property, which formerly belonged to Mrs. Jeanne Carr, was offered for sale ten years ago for $25,000. Simeon Reed bought it for $26,000 and sold it to L. V. Harkness of the Standard Oil company for $160,000. Mr. Harkness, it is said, today let Mr. Rockefeller have it for $250,000.

FORMER KING OF DAHOMEY TO RESIDE AT BLIDAH

FORT DE FRANCE, April 2.—Behanzin, former king of Dahomey, who was exiled to Martinique when the French subjugated his country in 1894, sailed yesterday for Bordeaux on board the steamer Martinique. He has been given permission by the French government to reside at Blidah, in Algeria.

COAL CONFERENCE TODAY; MINING FULLY SUSPENDED

Union Officials Estimate That 143,000 Men Are Out in Anthracite Fields—Both Sides Hopeful—Bituminous Workmen Obey Mitchell's Order to Strike.

NEW YORK, April 2.—The eve of the second meeting of the committee representing the anthracite mine workers and the companies finds the situation, so far as the hard coal fields are concerned, unchanged from that disclosed in the communications that have passed between the contending forces and which have been made public. Neither miner or operator tonight could venture a prediction as to the outcome. Both sides are hopeful, however, and there is a feeling among those vitally interested in the struggle that some way out of the present difficulty will be found.

President Mitchell arrived here tonight from Indianapolis and established headquarters at the Ashland house.

It was the expectation of Mr. Mitchell to call the district presidents and secretaries tonight for a last conference prior to meeting with the operators, but it was decided to delay the conference until tomorrow morning. None of the district leaders would be quoted as to the condition as shown by the first day's suspension, but they all admitted privately that the utmost harmony prevails in the region and the rumors that thousands of men would not obey the suspension order have proved groundless. The report that the only colliery working full-handed is the People's Coal company's Oxford plant in the northern field, which is run almost exclusively by nonunion men. The charter of the local union at this colliery was annulled some time ago. The washeries that were in operation today employ only a small number of men and they are not well organized.

Tomorrow's meeting between the subcommittee of the miners and operators will be held at noon, probably in the offices of the Central Railroad of New Jersey, and is expected to be of short duration. It is believed that nothing will be definitely agreed upon.

According to information tonight the program for tomorrow as tentatively outlined by the operators is to renew the counter proposition made to the miners early in March, that is, the continuation for another term of three years of the award of the anthracite strike commission. The operators, it is understood, will not make extended arguments but will content themselves with calling attention to the reasons they set forth in their reply to the miners' general demand. The employers, however, do not expect the miners' representatives to accept the proposition or even consider it at the present time, but rather expect the union leaders to renew their original demands. If this program is followed an adjournment probably will be taken for 24 or 48 hours.

The conciliatory spirit shown in the first meeting of the two committees is not expected to obtain in tomorrow's conference. The operators are indignant over the action of the miners in enforcing a suspension of operations and from information gathered today it is not unlikely that the miners will be told that their action was "extraordinary," as President Baer has already told Mr. Mitchell by telegram.

President Mitchell appeared in cheerful mood when spoken to regarding the bituminous situation. He said everything in the soft coal fields is working [illegible] to the satisfaction of himself and the [illegible] of that territory. He said that in union territory soft coal [illegible] had already been granted the 1903 scale and predicted that by the end of the week fully 85 per cent of the bituminous workers will have been given the 5.55 advance in wages. He thought that within 45 days every soft coal mine where the men are organized will be working on a union basis.

Although the [illegible] of coal mining [illegible] States since [illegible] of fuel attained its [illegible] occurred yesterday [illegible] of a complete tieup of [illegible] has passed and the [illegible] expected to improve rapidly with each day. [illegible] received tonight from the bituminous fields show that many of the leading coal companies have signed the 1903 scale, which gives the men an advance of 5.55 per cent over the wages they received during the last two years. The number of workers who received the increase is estimated at nearly [illegible].

As thousands of soft coal workers laid off to celebrate the inauguration of the eight-hour day, which is annually observed in the bituminous region, the number of men who are on strike or have suspended work pending negotiations will not be known until Tuesday or possibly Wednesday.

In the anthracite regions there was an almost total suspension of mining in obedience to the instructions issued by the Shamokin scale committee. The representatives of the miners and operators will meet in New York today for a further discussion of the differences.

PHILADELPHIA, April 2.—There was a complete suspension of mining operations in the anthracite region today in accordance with the order issued last week by President Mitchell of the Mine Workers of America and the scale committee of that organization, with the solitary exception of the Oxford colliery, a small independent operation near Scranton, which employs about 500 hands with a daily capacity of about 1,200 tons. This mine was kept in operation during the strike of 1902.

Every colliery was opened as usual and in readiness for the workers, but there was no response to the blowing of the whistles other than the appearance of the engineers, firemen and pumpmen.

The action of the miners occasioned no surprise on the part of the operators, who, while they offered work and protection to all who might desire to go into the mines, do not anticipate the acceptance of their offer. The best of feeling between operators and miners is reported from all sections and the hope that a satisfactory agreement may be reached at the conference in New York tomorrow is expressed.

Significance is attached by the miners to the fact that there is no apparent attempt on the part of the operators to import nonunion labor, which they regard as a favorable sign.

There are 400 collieries in the anthracite region, employing 160,000 men and boys. Miners' officials tonight estimated that 143,000 mine workers obeyed the order to suspend. This leaves 17,000 men who are permitted to continue at work to prevent the mines from flooding.

JEWS ARE SAFE

BARON ROSEN GETS DISPATCH DISCREDITING RUMORS OF PROBABLE RIOTS.

WASHINGTON, April 2.—Baron Rosen, the Russian ambassador, received a dispatch today from St. Petersburg announcing that the rumors of probable anti-Jewish uprisings in Russia are unfounded.

Because of reports that there might be demonstrations against the Jews in different parts of the empire, the Russian telegraph agency instituted an investigation and its report was forwarded to Baron Rosen. The report says:

"The government is convinced that there is an impossibility of any such disorders occurring, as the most energetic measures have been taken to prevent them. Yesterday, by order of Count Witte, the minister of the interior sent a circular to all the governors of provinces where there is Jewish population, to take, from the first, the most energetic measures for stopping disorders."

UNION EMPLOYES ARE LOCKED OUT

CHARLOTTE, N. C., April 2.—Thirty High Point furniture and glass factories today locked out all their employes who belong to the labor unions. About 600 men and boys are idle. No factory was forced to shut down.

LAW IS IN FORCE

NEW YORK GOVERNOR SIGNS BILL POSTPONING MUTUAL COMPANY ELECTIONS.

ALBANY, N. Y., April 2.—The first of the ten bills proposed by the special investigating committee as the result of its investigation of life insurance conditions is now a law. Governor Higgins this afternoon affixed his signature to the bill which postponed until November 15 the annual elections of the New York Life, Mutual of New York, Mutual Reserve of New York and Security Mutual of Binghamton—the four purely mutual life insurance companies incorporated under the laws of this state. It does not affect the Equitable Life Assurance society, which is a stock company. In signing the bill the governor issued a memorandum sharply criticising the directors whom he thus legislated from office.

One of the most important effects of the act is that it invalidates any proxy hitherto secured, whether by the companies themselves, by Thomas W. Lawson of Boston or anyone else.

BITUMINOUS OPERATORS IN PITTSBURG DISTRICT ALL SIGN SCALE DEMANDED

PITTSBURG, April 2.—There will be no strike of the bituminous miners in the Pittsburg district and, according to F. L. Robbins of the Pittsburg Coal company, there will be a general resumption of work tomorrow morning, following the holiday celebration of the eight-hour day. Mr. Robbins officially announced tonight that he had signed the scale of 1903 and among the other signers were the Monongahela River Consolidated Coal and Coke company, the Ellsworth Coal company, the Crescent Coal company, the Mifflin Coal company, the People's Coal company, the Marine Coal company, the Stein Coal company, the Vesta Coal company, the Dilworth Coal company and the Mansfield Coal and Coke company. These companies represent 20,000,000 tons, or over three-quarters of the coal mined in the Pittsburg district.

The scale was signed for the miners by William Dodds, Frank Feehan, F. P. Hannoway and William Little, the committee appointed by the district convention.

While the operators' and the miners' committees were in session today it was reported that Patrick Dolan would raise the question of the validity of the scale and that as a measure of precaution Mr. Robbins would sign two scales identical in their provisions. Mr. Robbins tonight said that but one scale would be signed by anyone and that was the one signed today, presented by the committee which the operators recognized as an officially-appointed committee.

The mines of the independent operators will be shut down tomorrow in the Pittsburg district in conjunction with those in Indiana, Illinois and Ohio. The independent operators met in this city tonight and at 10:30 adjourned after passing a resolution to support the operators of the afore-named states in refusing to sign the scale. The independent operators announced that their mines would not be operated tomorrow under any circumstances and that under no consideration would the mines be run as nonunion plants.

In other districts throughout western Pennsylvania the situation was about as pacific as that in the Pittsburg district. Beaver county operators tonight signed the scale. The indications from the Clearfield district are that the scale will be signed tomorrow, while at West Virginia fields the people were less agitated over the movement than in any other state in the union and the miners are apparently disinterested. They will, however, in this field receive the advance.

At Johnstown where trouble was looked for because of the holiday demonstration that had been planned by the miners, the program was carried out without a clash. While the men there have been granted the advance, there is now a holding out for the recognition of the union. The mine officials, however, announced tonight that their mines would be working tomorrow and that all their men would return.

KANSAS CITY, April 2.—All the coal miners of Kansas, Missouri, Arkansas, Indian Territory and Oklahoma are idle, the miners having struck for payment of the 1903 scale. These mines employ 25,000 men. It is expected that numerous operators will sign the scale soon. Operators who have mines in more than one district must sign in all the districts before opening any mine.

The miners are in prosperous condition, having been employed steadily for a long time, and the best of feeling prevails between them and the oprators. No unusual incident of any kind was reported from the whole southwestern field today.

COLUMBUS, April 2.—Notwithstanding the expressed determination of the majority of the Ohio coal operators not to grant an advance in wages to their miners, the prospects of averting a protracted strike in the Ohio fields seem decidedly more hopeful tonight. Today's developments appear to leave little doubt as to the course that will be pursued by the executive board of the Ohio mine workers when it meets tomorrow to determine the policy of the miners in this state with reference to the signing of contracts. President Green of the Ohio mine workers organization said he would waive his personal views and conform his action to the spirit of the Perry resolution, regarding the 1903 scale. The policy to be pursued by the Ohio miners rests entirely with their executive board and President Green's attitude will have great weight in shaping its decision.

Up to the present time six coal companies in Ohio have declared their willingness to pay the 1903 scale. These companies control an annual output of about one sixth of the total output of the state.

PERSONAL LIABILITY MEASURE IS PASSED

WASHINGTON, April 2.—Chief among the measures passed by the house today was the so-called "personal liability bill," which has been favored by the army of railway employes throughout the country, and which has practically a unanimous report from the committee. Members of the house showed great interest in the measure, and had a division been called for, the bill would have had an almost unanimous vote.

NOTED APACHE WARRIOR JOINS WILD WEST SHOW

LAWTON, Okla., April 2.—[illegible]

DEMOCRATS HEAR FOLK

MISSOURI GOVERNOR SPEAKS ON GOOD GOVERNMENT AT JEFFERSON BANQUET.

COMMENTS ON THE GENERAL REFORM MOVEMENT NOW SWEEPING OVER THE COUNTRY.

DES MOINES, April 2.—Governor Folk of Missouri was the chief speaker at the Jefferson banquet tonight under the auspices of the Iowa Democratic club. Democrats of prominence from all parts of the state attended and the gathering was one of the most notable ever held in the state under the auspices of this party.

The banquet was preceded by an informal meeting of the members of the Democratic state central committee but it was decided to take no action until after the Republican state convention.

Governor Folk, responding to the subject "Good Government," spoke in part as follows:

Folk's Address.

We are in the midst of one of the most dramatic periods of American history, the period in which the people's rights are to be defined and observed as they never have been before. There are some who see danger to our institutions in the agitations resulting from the exposures in official and business life. I do not share this view. To my mind, the hope for the perpetuity of this government by the people was never brighter than now. The fact that this awakening has come at a time of unusual prosperity shows that it does not proceed from a spirit of discontent, but springs from the moral sense of the people. It is simply a determination to stamp out the things that dishonor in public life and the things that oppress in private life—a firm resolve that the government shall be representative of the good, not of the bad. The energies of this public conscience have been extended from the domain of the public wrong doer to the private wrong doer and probing into the carryings-on of grafters of every kind.

Breaches of Trust.

It is not insurance companies the people complain of, but the breaches of trust on the part of some of those running the insurance companies. The people understand these things and know that while some insurance people and some bankers are crooked, just as some officials are crooked, it does not follow that all insurance men or all bankers and officials are without honor. The people are discriminating between the good and the bad. This movement against graft is not a crusade against wealth, but against the abuse whereby some obtain great wealth. It is a demand for common honesty in public life and private business. No man who is doing an honest business need fear from the arousing of the conscience of the people against wrong.

The People Conservative.

The distinguishing characteristic of this crusade for higher ideals is the conservatism of the people. They do not oppose riches honestly acquired, but they do object to special privileges out of which tainted riches grow. The agitation against ill-gotten gains does not mean a rabid socialism or the destruction of the vested rights of anyone. The cry is not for socialism or anarchy, but that the corporation magnate respect the law that governs the conduct of the corporation as he asks others to respect the law that protects the property of the corporation.

This government does not rest either upon the idle rich or the idle poor, but upon the energy and patriotism of the middle classes. This is the class that suffers under the reign of the special privileges. The elimination of special privileges is the great question before the people of this country—the railroad rebate special privilege, the tariff so arranged as to give special privilege and create monopoly, and every special privilege founded on graft.

Chance for Democracy.

There is room in this country for only two great political parties. Our form of government naturally makes one the party of special privileges and the other the party of equal rights; one the party of the classes, the other the party of the masses. No grander mission can be in store for the Democratic party than to continue the fight for the rule of the people against graft and special privileges. Clothed in the armor of a righteous cause, the attack of Democracy upon the citadel of graft and monopoly, if aggressive enough, must triumph in the end, for the principles of true Democracy are "enduring because they are just and invincible, because they are right."

URGENT DEFICIENCY BILL IS AMENDED

WASHINGTON, April 2.—The senate committee on appropriations today reported the urgent deficiency bill with a number of amendments. The proviso is added to the appropriation for delegates to the international conference of American states at Rio Janeiro, Brazil, that the delegates shall be appointed so that as far as practicable they shall represent the different sections of the country.

An appropriation of $50,000 is made to enable the government to participate in the second international peace conference at The Hague and $15,000 is appropriated to pay the expenses of the delegates to the conference for the revision of the Geneva convention. An appropriation of $35,000 is made for improvements at the naval station of Honolulu. For resurveys of San Diego county, California, an appropriation of $9,000 is made.

DOWIE'S ALL TAKEN AWAY

ERSTWHILE ZION CITY LEADER IS SHORN OF HIS POSSESSIONS.

IF HE BECOMES OBSTREPEROUS HIS SON THREATENS TO STARTLE THE WORLD.

CHICAGO, April 2.—The formal announcement of the overthrow of John Alexander Dowie was made tonight by Overseer [illegible] Speicher who presided over a meeting of 5,000 members of the church in the tabernacle at Zion City. The meeting opened with the quotation by various church dignitaries of passages from the Bible expressive of the sentiment which has grown up against the self-styled prophet. The crowd which filled the great structure and which formerly answered "Yes" and "No" when Dowie nodded or shook his head, tonight applauded when he was accused. Overseer Speicher called out the numbers of chapters and verses of scripture, and in response the various church officers and prominent members who occupied seats on the platform quoted the passages called for.

"Thou Shalt Not Steal."

The new dictator of Zion's fortunes, Wilbur G. Voliva, responding to the reference given him, quoted, "Thou shalt not steal."

This sentiment was greeted with vociferous applause. Mrs. Jane Dowie, wife of the "first apostle," followed. "Thou shalt not bear false witness against thy neighbor," was her response. More applause followed. The congregation then joined with a zest that seemed to indicate their belief in the words, "Better days are coming."

Gladstone Dowie, son of Dr. Dowie, and Overseer John Excell then explained to the audience the new turn of affairs.

CHICAGO, April 2.—John Alexander Dowie, head of the Christian Catholic church in Zion, was today deposed as a religious leader, suspended from membership in the church he founded, shorn of his temporal possessions as far as they are located in Zion City, the home of his church, and warned to accept the situation quietly lest worse things befall him.

The revolt against the leadership of Dowie was foreshadowed yesterday when Overseer Voliva, who had been placed by Dowie in charge of the church while he sought health in Jamaica and Mexico, announced that he would no longer accept the orders of Dowie who had, he declared, grossly mismanaged the affairs of the church. The members of the church, including the wife and son of Dowie, agreed to stand with Voliva.

Property Transferred.

The first movement looking to his overthrow was made early today by Overseer Voliva, who has a power of attorney from Dowie. In company with several other officers of the church, Voliva hastened to Waukegan, the county seat of Lake county, in which Zion City is located, and filed for record a warranty deed transferring to Deacon Grainger all the real estate held by Dowie in Zion City. He also executed a bill of sale to Deacon Grainger, putting him in possession of all the personal property of Dowie, including his horses and carriages, books and even his bed. Later in the day Grainger conveyed these to Voliva and at nightfall the overseer appointed by Dowie had not only succeeded him as the head of the church, but was the holder of all his property as well.

Voliva Talks.

Overseer Voliva today said:

"I have acted in this matter under the power of attorney which I possessed. What has been done I believe to be for the good of the church and its creditors. Legal counsel has been retained and everything was carried out in accordance with their advice. We shall go ahead and put the affairs of Zion City in good order. If further steps are to be taken it will depend on what is done by Dowie. The situation is up to him as it stands."

Regarding the polygamous teachings mentioned in the message to Dowie, Overseer Voliva said he would issue a statement regarding them later when Dowie had been given an opportunity to reply.

"Will Dowie be received in Zion City if he cares to come back?" the overseer was asked.

"Never as a leader. He must behave himself if he comes back, or he will have to look out for himself."

"Will the church send him money to return?"

May "Startle the World.

It is generally believed by the officers of the church that the deposed leader will make a fight to recover his lost power. If this is done, they asserted today, the matter would go to the courts. Dowie's project for the establishment of a colony in Mexico will be abandoned by the new administration. Dowie will be given an allowance, according to advices from Zion City tonight, sufficient to maintain a residence in Mexico if he so desires or he will be received by the new officers of the church as a common citizen, should he elect to return and take up his residence in Zion City. No action under the criminal laws will be taken against him on account of the funds he is alleged to have wasted nor will any civil action be brought to recover. If the deposed leader becomes obstreperous, it was said that his son, Gladstone, was prepared to make revelations that would "startle the world." No reply to the cablegram sent today from Zion City to Dowie is expected tonight, inasmuch as Dowie is on [illegible]

A Week's Sale of

EASTER SILKS

Special pre-Easter prices all week on new spring silks. Supply Easter wants from this choice collection of fashion's latest fancies.

Our reputation as the pre-eminent silk store of Colorado Springs is in itself a guarantee of the qualities offered here. We earnestly urge you to attend this event and inspect these qualities and values as neither can be duplicated elsewhere.

JUST IN TIME FOR EASTER.

Kaufman's
EVERYTHING FOR EVERYBODY

JACKSON FRANCHISE PASSED OVER TAXPAYERS' PROTESTS

History of the City Council's Proceedings Which Secured to the Assigns of George W. Jackson a Firm Grip on the City's Valuable Water System.

In view of the controversy between the city and the Pike's Peak Hydro-Electric company as to the requirements of the Jackson franchise, under which the company has the right to use the city water system for generating electric power, the following outline of the proceedings incident to the passage of the franchise, with the reasons given therefor, will be of interest:

The city had contracted with a Chicago firm, Wilson & Jackson, for the boring of the Strickler tunnel with a view to bringing water to this side of the range through the tunnel instead of by means of expensive wooden flumes and ordinary ditches. An advisory committee of prominent citizens was selected to act with and advise the city council with reference to the improvements in the city water system.

George W. Jackson's Offer.

When the firm of Wilson & Jackson failed to complete the tunnel in compliance with the contract, George W. Jackson, the junior member of the firm, made a proposition to the city to complete the work if the city would grant the now famous Jackson franchise. The matter was referred to the citizens' advisory committee. The following report shows what action was taken by that body:

Advisory Committee's Report.

The Honorable Mayor and Council of the City of Colorado Springs, Colorado.

A meeting of the citizens committee was held Tuesday evening, April 19, 1898, at the Antlers hotel. Mr. Irving Howbert was elected chairman and John G. Shields secretary. Mr. D. B. Fairley stated that the object of the meeting was to consider a proposition granting under conditions a right of way and the use of the water power from the pipe line between the lower end of Lake Moraine and Manitou belonging to the water system of Colorado Springs, to George W. Jackson and his associates, for twenty-five years. After careful consideration the following resolution was offered and accepted:

Resolved, That it is the sense of this committee that the chair appoint a subcommittee of three to draft a resolution to be presented to the mayor and city council requesting favorable consideration of Mr. Jackson's proposition, with all the necessary safeguards. Mr. Howbert appointed as this committee D. B. Fairley, Professor Strieby, and John G. Shields. This committee was then instructed to include in its resolution a recommendation that in the event of the council granting a franchise to George W. Jackson and his associates it should be for a term of twenty years instead of twenty-five years.

The meeting adjourned.

In compliance with the foregoing request this committee begs leave to submit the following consideration and resolutions:

Franchise Favored.

The city of Colorado Springs controls a property of very great value in the water power available along the line of flow of its water supply from Lake Moraine to Manitou. Up to this time it has not been practicable for the city to utilize this power, and in view of the present municipal bonded indebtedness, it appears unlikely that for some time to come the city will be able, unassisted, to enter upon such a project. Mr. Jackson's proposition seems to this committee advantageous for the following reasons:

First. By granting a franchise the city immediately starts to develop and utilize this power.

Benefits to City.

Second. In accordance with Mr. Jackson's proposition the city will be furnished with electric current sufficient to run all the arc lights required during the life of this franchise, and that too for every night in the year all night long, and with no moonlight schedule. Not only will more lights than are now used be at once supplied, increasing also in number with the growth of the city, but the cost of each light will be about one-half the present rate. Estimates furnished to the committee show that the saving to the city will be from four to five dollars per light per month. Taking as a basis of calculation only the number of arc lights in present use which is 122, the saving per month would be about $500. This sum will be more than doubled owing to the increased number of lights required for the growing city before the franchise terminates.

Meant New Industries.

Fourth. It appears probable that the granting of this franchise will lead to the establishment of new industries of great value to the city.

Owing to the importance involved in the subject of the franchise the interests of the city should be most carefully safeguarded through the conditions imposed, and the committee beg to offer some suggestions in this direction:

The life of the franchise should have a maximum limit not greater than twenty years.

All water pipe laid and all machinery necessary for the production of the current used by the city at that time should revert to the city at the termination of the franchise.

The water should not in any manner be polluted.

No Waste of Water.

The franchise should be granted only with the express provision that the flow of water through the pipes and the use of the same shall be absolutely under the control of the city, so that an unnecessary flow or a detrimental obstruction of the pipes may at all times be prevented.

The city should locate the power station and the outbuildings.

Trees and shrubbery should be fully protected and preserved. The indemnity bond should be sufficient to protect the city from all damage resulting from bursting of pipes from accidents due to electric currents before delivery to the city or from any other cause whatsoever.

An equitable agreement should be made with regard to the maintenance of the pipe line during the life of the franchise.

Develop Water Power.

This committee, therefore, respectfully submits to your honorable body the following resolution as embodying the views of the citizens water committee.

Resolved, That it is safe and wise for the city of Colorado Springs to grant under proper safeguards a franchise that will bring about the development of the city water power.

D. B. FAIRLEY,
WILLIAM STRIEBY,
JOHN G. SHIELDS.

City Council Proceedings.

The matter was debated pro and con until, at a regular session of the city council on August 15, 1898, which was attended by all the members of the council, consisting of Mayor Irvine; Aldermen R. H. Ashworth, William Banning, W. C. Frost, W. C. Jones, W. H. McIntyre, Delos Powell, W. G. Rice, Van E. Rouse, J. C. St. John and R. H. Woodland, an ordinance was introduced by Mr. Rice as chairman of the ordinance committee granting to George W. Jackson, his associates or assigns, the use of city water for power purposes, right of way for pipe lines, etc. The ordinance went over under the rules.

Asked for Delay.

At the next regular session of the city council on September 5, 1898, a petition signed by seventy-eight property owners and taxpayers was presented requesting the city council to defer action upon the passage of the ordinance granting to George W. Jackson the right to use city water for power purposes, but no action was taken upon the petition and later in the evening Alderman Frost introduced an ordinance under the same title as that presented at the former meeting of the council by Chairman Rice, and moved that the sections of the new ordinance be substituted for the sections of the original ordinance. The motion was lost, the roll call showing Aldermen Banning, Frost, McIntyre, Powell and St. John voting aye, and Aldermen Rice, Rouse and Woodland voting nay. After some discussion Mr. Rouse moved to reconsider the vote and the roll call upon the original question showed all voting yea, and the terms of the new ordinance were substituted for the original.

The council records show that J. R. Robinson was granted the privilege of the floor and spoke in favor of delaying the passage of the ordinance, and he was followed by Contractor George W. Jackson who strongly urged its immediate passage. The ordinance was then considered by the council section by section.

Protest Against Franchise.

At an adjourned session of the council on September 7, 1898, which was attended by all ten aldermen, four petitions were presented from residents and taxpayers protesting against the passage of the franchise, and asking that final action be deferred until an expression of a majority of the people of the city could be heard upon the matter. Short talks were made to the council by Messrs. A. T. Gunnell, Hawes, Ehrich, Hughes, Ensign, Scott, Schmitt, McMillan and Hutchings, some urging the passage of the ordinance and others advising delay.

On motion of Alderman Powell the council voted to increase the number of free incandescent lights required in Section 9 from 100 to 200.

Alderman Woodland attempted to secure a reduction in the price of arc lights from $5.50 to $3.50, but all of the council voted against the change, except Messrs. Rice and Woodland.

Granting of Franchise.

On motion of Alderman Van E. Rouse, seconded by Alderman McIntyre, the ordinance was placed upon its passage, but before allowing the clerk to call the roll, Mayor Irvine asked the aldermen two questions: 1—Are you satisfied that the grant does not extend in any manner beyond Lake Moraine and Manitou? 2—Are you satisfied that section 2 is sufficiently amended to protect the best interests of the city? Evidently the majority mentally replied "Yes" to both questions for the roll call was demanded and the vote showed: Yea—Ashworth, Banning, Frost, McIntyre, Powell, Rouse and St. John, 7; nay—Jones, Rice, and Woodland, 3. On motion of McIntyre, seconded by Frost the ordinance was then passed by the same vote. The time at the passage of the ordinance was 12:27 a. m., September 8, 1898. Two days later the written acceptance of the franchise was made by George W. Jackson.

TRADE those things about the house you don't want for the things you do want. The Gazette's "Everybody's Exchange" column will make the exchange for ten cents.

THE LAXATIVE OF KNOWN QUALITY

There are two classes of remedies: those of known quality and which are permanently beneficial in effect, acting gently, in harmony with nature, when nature needs assistance; and another class, composed of preparations of unknown, uncertain and inferior character, acting temporarily, but injuriously, as a result of forcing the natural functions unnecessarily. One of the most exceptional of the remedies of known quality and excellence is the ever pleasant Syrup of Figs, manufactured by the California Fig Syrup Co., which represents the active principles of plants, known to act most beneficially, in a pleasant syrup, in which the wholesome Californian blue figs are used to contribute their rich, yet delicate, fruity flavor. It is the remedy of all remedies to sweeten and refresh and cleanse the system gently and naturally, and to assist one in overcoming constipation and the many ills resulting therefrom. Its active principles and quality are known to physicians generally, and the remedy has therefore met with their approval, as well as with the favor of many millions of well informed persons who know of their own personal knowledge and from actual experience that it is a most excellent laxative remedy. We do not claim that it will cure all manner of ills, but recommend it for what it really represents, a laxative remedy of known quality and excellence, containing nothing of an objectionable or injurious character.

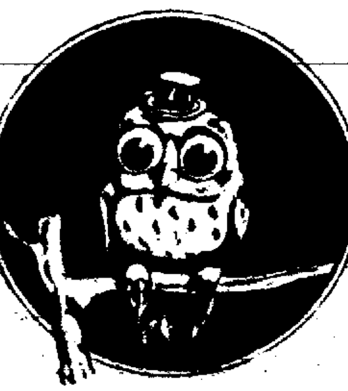
There are two classes of purchasers: those who are informed as to the quality of what they buy and the reasons for the excellence of articles of exceptional merit, and who do not lack courage to go elsewhere when a dealer offers an imitation of any well known article; but, unfortunately, there are some people who do not know, and who allow themselves to be imposed upon. They cannot expect its beneficial effects if they do not get the genuine remedy.

To the credit of the druggists of the United States be it said that nearly all of them value their reputation for professional integrity and the good will of their customers too highly to offer imitations of the

Genuine—Syrup of Figs

manufactured by the California Fig Syrup Co., and in order to buy the genuine article and to get its beneficial effects, one has only to note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package. Price, 50c per bottle. One size only.

The Mark of Wisdom



The Sign of Wisdom is the Owl. Is to buy your clothing here. We sell clothing that fit, that wear, that have sticking out all over them an undefinable something which distinguishes the skilled handicraft of the master tailor.

HEADACHE

Frequent or periodical headaches weaken the brain, and very often extinguish the light of reason. Dr. Miles' Anti-Pain Pills will cure headache quickly, by soothing the irritated nerves of the brain. They also prevent pain if taken when first symptoms of headache appear. 25 doses, 25c. Never sold in bulk.

Personal Mention

Otis Copeland left here yesterday to make his home in Onway, Iowa.

F. H. Dunnington left Sunday for California. He will visit the Nevada gold mines on his return trip.

Mrs. Emily McGreggor, of Cleveland, O., is visiting Mr. and Mrs. Walter C. Davis at 824 North Institute street.

Mrs. S. D. McCracken left here yesterday for Niagara Falls, N. Y., called by the announcement of the death of her father, John Corrigan.

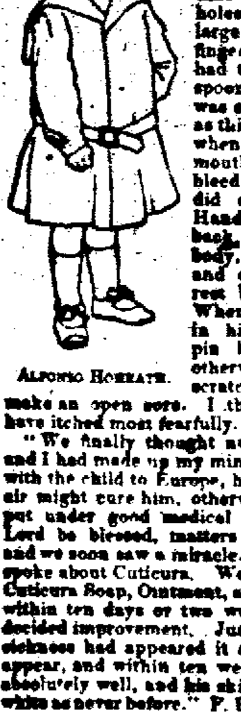
Mrs. C. L. Tutt will leave here in a few days to join her husband on a cruise in southern Pacific waters on their yacht, "Anemone," which has reached San Diego.

TERRIBLE ECZEMA ON LITTLE BOY

Mouth and Eyes Covered With Crusts—Face Itched Most Fearfully—Hands Pinned Down to Prevent Scratching

MIRACULOUS CURE BY CUTICURA REMEDIES

"When my little boy was six months old, he had eczema. The sores extended so quickly over the whole body that we at once called in the doctor. We then went to another doctor, but he could not help him, and in our despair we went to a third one. Matters became so bad that he had regular holes in his cheeks, large enough to put a finger into. The food had to be given with a spoon, for his mouth was covered with crusts as thick as a finger, and whenever he opened the mouth they began to bleed and suppurate, as did also his eyes. Hands, arms, chest, and back, in short the whole body, was covered over and over. We had no rest by day or night. Whenever he was laid in his bed, we had to pin his hands down: otherwise he would scratch his face, and make an open sore. I think his face must have itched most fearfully.



ALFONSO HOHRATH.

"We finally thought nothing could help, and I had made up my mind to send my wife with the child to Europe, hoping that the sea air might cure him, otherwise he was to be put under good medical care there. But, Lord be blessed, matters came differently, and we soon saw a miracle. A friend of ours spoke about Cuticura. We made a trial with Cuticura Soap, Ointment, and Resolvent, and within ten days or two weeks we noticed a decided improvement. Just as quickly as the sickness had appeared it also began to disappear, and within ten weeks the child was absolutely well, and his skin was smooth and white as never before." F. Hohrath, President of the C. L. Hohrath Company, Manufacturers of Silk Ribbons, 4 to 20 Rink Alley, South Bethlehem, Pa. June 5, 1905.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston. Mailed Free, "How to Cure the Skin."

For Over Fifty Years

An Old and Well-tried Remedy

MRS. WINSLOW'S SOOTHING SYRUP has been used for over 50 years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Sold by druggists in every part of the world. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other.

HYDRO-ELECTRIC AFFAIRS NOT DISCUSSED BY CITY COUNCIL

Aldermen Seem to Forget All About Crisis That Confronts the City but Find Time to Squabble Over a $4 Scavenger Bill.

> Questions involving a knowledge of bacteriology, pathology and analytical chemistry, coupled with a dispute as to whether a $4 scavenger bill should be paid by the health department or the police department, interested the aldermen to such an extent last night at the regular meeting of the city council that they seemingly forgot all about the crisis that confronts the city in regard to its dispute with the Pike's Peak Hydro-Electric company. The council devoted its attention wholly to routine business, the most important of which was the receiving of a report from Water Superintendent Hopkins that the water is very low in the city reservoirs.

When Alderman Hosman announced to the members of the city council last evening that the health commission had appointed Albert J. Schlack, Boston, to be city chemist and presented a resolution approving and ratifying the action of the health commission, he stirred up trouble. In support of the resolution he said that H. H. Hudson had withdrawn his application and, there being no other available local candidate, the commission had agreed upon Mr. Schlack. He further said that Mr. Hudson had been examined by Professors Wm. Strieby and E. C. Schneider of Colorado college and he was not competent to hold the position since he was without experience in bacteriology. The application for the position by Mr. Schlack was indorsed by President W. F. Slocum and Prof. Schneider as well as several eastern men of ability. The application of Mr. Schlack was in effect that he was experienced in analytical and bacteriological work but had no experience in pathological work.

Forced Out of Race.

Alderman Albin pointed out that while Hudson had been given an examination, Schlack was being appointed solely upon the recommendation of five persons. Hudson was indorsed by some fifteen local physicians, is a Colorado Springs man and is acquainted with local conditions. Mr. Hudson had withdrawn his application because he had been forced out of the race. On motion of Alderman Hill, action was postponed until the next regular meeting.

City Attorney W. C. Robinson requested the council, in view of the opinion he had already given upon the subject of aldermen selling supplies to the city, that the bills of Seldomridge Bros., which had been referred to him, be recalled.

Feed Bill Not Allowed.

Alderman Tucker explained that the bills were for feed and supplies that were sold to the city under contract awarded to the lowest bidder in open competition. The firm had declined to submit a bid for supplying horse feed for the ensuing quarter of the year owing to the position that had been taken by the council. In conclusion Mr. Tucker moved that the bills be allowed, but failed to receive a second to the motion, and no action was taken.

A petition from residents of Espanola and Madison streets that the city grade and roll the roadways was referred to the street committee and street commissioner with instructions to make the necessary repairs.

To Open Streets.

Alderman Tucker gave notice that he would present an ordinance at the next meeting of the council opening Fontanero street across the Santa Fe tracks and, at the request of Alderman Hill, he agreed to include the opening of South Weber street across the Rio Grande tracks in the ordinance.

Alderman Holden of the water committee reported that excellent progress is being made on the work of laying the High Line pipe through Manitou.

Bills for $4 for removing dead animals from the streets and alleys by T. C. Jones, city scavenger, were called up by Alderman Hosman of the health commission, who explained that the work had not been done by order of the health department but under orders of the police. The bills were O. K.'d by the chief of police, and should be paid by the police fund. Alderman McCaffery, of the police committee, vigorously protested against such action, and made a motion that the amount be taken out of the health appropriation. The discussion showed some friction between the two departments, but the council voted that the health fund pay the bill.

New Arc Lights.

The street committee recommended that arc lights be placed at the intersection of Cimarron and Tejon streets, and at the intersection of San Rafael and Tejon street. The recommendation was adopted.

Alderman Holden of the street committee recommended that the street commissioner be instructed to rebuild the concrete conduit in the alley east of El Paso street and north of High street. The council so ordered.

A resolution by Alderman Tucker was adopted granting the Interurban Railway company permission to erect a covered shelter at the top of the stairs from the Rio Grande railroad to the Huerfano viaduct at its own expense.

The request of the Pike's Peak Poultry association for the use of the police court room on the evening of the second Tuesday of each month was granted on motion of Alderman McCaffery.

On motion of Alderman Hosman the city clerk was instructed not to issue any further hack licenses until after the license ordinance had been finally passed.

On motion of Alderman Tucker the council voted that when it adjourn it be to meet at 8 o'clock Wednesday evening.

Mayor Hall announced that on account of the absence of two members of the finance committee he had appointed Mr. Hosman as a member pro tem.

The petition of Adolph Fehringer for the transfer of the G. M. Davis liquor license to him was granted on motion of Alderman Tucker.

City Water Conditions.

Water Superintendent Hopkins reported 27 inches of snow had fallen at Lake Moraine during March. The water in Lake Moraine is 30 inches below the spillway and the city is now drawing from reservoir No. 2 to feed Lake Moraine. Reservoir No. 8 continues four feet of water; Nos. 4 and 7 are empty. No. 5 has a little water and No. 2 is 24 inches low. The city is not receiving any water from Cabin creek and [illegible] Mr. Hopkins [illegible]

THREE FACTS

For Sick Women To Consider

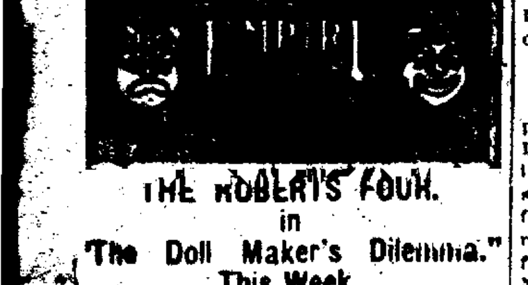
FIRST.—That almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful periods, displacements of the female organs, pain in the side, burning sensation in the stomach, bearing-down pains, nervousness, dizziness and sleeplessness.

SECOND.—The medicine that holds the record for the largest number of absolute cures of female ills is Lydia E. Pinkham's Vegetable Compound. It regulates, strengthens and cures diseases of the female organism as nothing else can.

For thirty years it has been helping women to be strong, curing backache, nervousness, kidney troubles, inflammation of the female organs, weakness and displacements, regulating the periods perfectly and overcoming their pains. It has also proved itself invaluable in preparing women for childbirth and the change of life.

THIRD.—The great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

Mrs. Pinkham's Standing Invitation to Women.—Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. From symptoms given, your trouble may be located and the quickest and surest way of recovery advised. Mrs. Pinkham is daughter-in-law of Lydia E. Pinkham and for twenty-five years under her direction and since her decease she has been advising sick women free of charge. Out of the vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Surely, any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.



THE ROBERTS FOUR.
in
"The Doll Maker's Dilemma."
This Week.

Matinee Daily, 3 p. m. Evening Performances 7:30 to 10. Admission 10c.

"Genius is only another name for *hard work*."

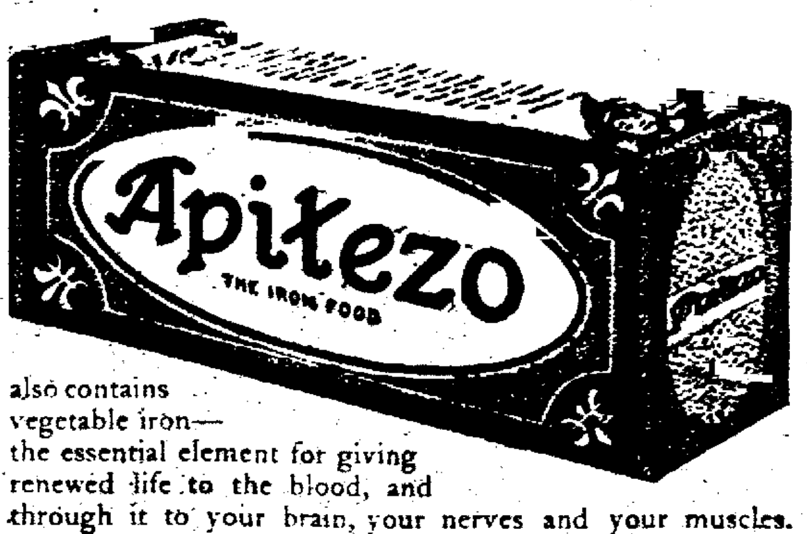
But you do not need to make hard work of working hard.

Fit yourself for your work and hard work won't hurt you.

Build up your vital energy by eating Apitezo, the one delicious cereal that is as good for you as it is good to eat.

Your health depends largely upon the kind of food you eat. Your system requires different kinds of nourishment.

Apitezo is a perfectly balanced combination of pure cereals or grains, containing every food element in exactly the right proportion to give you health, strength and energy.



also contains vegetable iron—the essential element for giving renewed life to the blood, and through it to your brain, your nerves and your muscles.

Apitezo eaten with milk or cream to suit your taste, gives you the varied nourishment necessary, by satisfying thoroughly every demand of your system.

Apitezo is thoroughly cooked and ready to serve as it comes from the package. It is dainty and crisp, appetizing and satisfying, with a delightful flavor that always smacks of "more."

You will relish Apitezo for breakfast and for luncheon. Eat it daily for a month and you can actually see the results in your increased energy, in the snap and go you will put into your work.

Children love Apitezo, and it is particularly good for them, because the growth of the body depends upon the quality of the food—and Apitezo has all the qualities of the best foods.

Apitezo enriches the blood with the very elements that go to the building up of both the brain-tissues and the body-tissues.

You can eat all the Apitezo you want with the positive knowledge that the weakest stomach can digest it easily, and that it will quicken you mentally and strengthen you physically.

To suit individual preferences, Apitezo is put up in two forms, Apitezo Biscuits, and Apitezo Grains; the quality is the same in both.

Made by the Manufacturers of Quaker Oats. Address, Chicago, U. S. A.

PNEUMONIA IS ROBBED OF ITS TERRORS.

By Foley's Honey and Tar. It stops the racking cough and heals and strengthens the lungs. If taken in time it will prevent an attack of pneumonia. Refuse substitutes. Sold by Hefley-Arcularius Drug Co.

PERSONAL MENTION.

Mrs. A. T. Abbott and son left here yesterday for an eastern trip.

Mrs. J. W. Edgell, wife of Ensign J. W. Edgell of the Salvation Army, is seriously ill at her home, 222 East Fountain street.

WEAK KIDNEYS MAKE WEAK BODIES.

Kidney Diseases Cause Half the Common Aches and Ills of Colorado Springs People.

As one weak link weakens a chain, so weak kidneys weaken the whole body and hasten the final breaking-down.

Overwork, strains, colds and other causes injure the kidneys, and when their activity is lessened the whole body suffers from the excess of uric poison circulated in the blood.

Aches and pains and languor and urinary ills come, and there is an ever-increasing tendency towards diabetes and fatal Bright's disease. There is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys and cure every kidney ill. Colorado Springs cures are the proof.

Colorado Springs, Colo.

This is to certify that I have taken Doan's Kidney Pills and found them to be all that is claimed for them by the manufacturers. They certainly had marvelous beneficial results in my case, and everybody suffering with kidney trouble should give them a trial.

Yours truly,
(Signed) C. H. CURL,
525 E. Pike's Peak Ave.

Plenty more proof like this from Colorado Springs people. Call at D. Y. Butcher Drug Co.'s store and ask what their customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's and take no other.

CONSTIPATION

Is Nature's warning that some part of the system is out of order. Immediate attention saves many serious affections. Don't neglect nature's call for help until the whole system is shattered.

NATURE'S HELPMATE
[illegible]
RESTORATIVE

assists nature and immediately relieves. If taken with meals it entirely removes the cause, and permanently cures constipation, sick headache, dyspepsia, torpid liver, and gives a healthy, natural appetite. Trial package, 15 cents. Regular sizes, 50 cents and $1.00. At all druggists.

[illegible]-PHOS CHEMICAL CO.

CHILD LABOR BILL PASSES.

DES MOINES, April 2.—The child labor bill passed the house today and with the governor's signature already assured, will become a law. The law is directed at department stores particularly and compels them to furnish chairs for employes. All children under 16 are prohibited from injurious employment.

Epileptic Fits of Children

Epilepsy, or fits, in children is even of greater frequency than in older people. In their active and restless life an attack is liable to come at a fatal moment, and the sunshine of the home will be crushed out of existence. At the very first sign of epilepsy or nervous twitchings or trembling, Elixir Kosine should be used.

This remedy is the discovery of a well known Washington scientist, and is the only known cure for epileptic fits. It can be used by all ages, and is a positive cure for this dread disease. The D. Y. Butcher Drug Co., the local agents, have so much faith in this remedy that they will give their personal guarantee that it will cure, or else the price, $1.50, will be refunded. Mail orders filled. The Kosine Co., Washington, D. C., or The D. Y. Butcher Drug Co., Colorado Springs.

COKE SENSE

Do you remember how you got caught during the last cold spell? Keep some coke on hand. Remember, it don't slack down.

LIABILITY LAWS.

"THE excessive hours of labor to which railway employes in train service are in many cases subjected is also a matter which may well engage the serious attention of Congress. The strain, both mental and physical, upon those who are engaged in the movement and operation of railroad trains under modern conditions is perhaps greater than that which exists in any other industry, and if there are any reasons for limiting by law the hours of labor in any employment, they certainly apply with peculiar force to the employment of those upon whose vigilance and alertness in the performance of their duties the safety of all who travel by rail depends."
—From President Roosevelt's Message to Congress, December, 1905.

These words have as close an application to the recent Denver & Rio Grande disaster at Adobe as if they had been written immediately after that sad affair, and with it in mind. The President proceeds to renew a recommendation, made in an earlier message, that Congress appoint a commission to make a careful study of employers' liability, "with a view to the enactment of a wise and constitutional law covering the subject, applicable to all industries within the scope of Federal power."

Yesterday the House passed without division the personal liability bill, which makes both employer and employe responsible for their own negligence. Representative Mann, in charge of the bill, expressed the opinion that "the best way to protect the public is to make the railroads pay for the sleepy engineer who has worked twenty hours, and wherefrom wrecks arise"—a view which the public heartily indorse. It will take more than a whitewash by a coroner's jury to convince the public that the Denver & Rio Grande Railroad Company is not jointly responsible with Lively, the telegraph operator, for the Adobe wreck, and if the company is reponsible, the officials who direct it ought to be punished. With an adequate liability law this would be done, and it is earnestly to be hoped that the Senate will complete the work so well begun in the House yesterday.

THE DOWNFALL OF DOWIE.

THE spectacular career of John Alexander Dowie, "Elijah III," seems to be nearing its close. The man who two years ago led nearly 50,000 of his infatuated followers from Chicago to New York to make a "Christian conquest" of the metropolis, is now deposed from the leadership of the church he founded, repudiated by his wife and son, and deprived of all his vast holdings, both real and personal, even to his bed. Most surprising of all, the son declares that if the discredited prophet does not accept the situation with good grace, he is prepared to make revelations which "will startle the world."

The downfall of Dowie is almost as sudden as his rise, though murmurings of discontent have been heard in Zion City for several months. It is only a few years ago—less than a decade, we believe, that this marvelous man came to the United States from Australia and established a new religious sect in Chicago. He was a big, handsome fellow of commanding presence and great personal magnetism, and it was not long until he had gathered around him a numerous following of well-to-do people who were willing to accept his claim that he was the reincarnation of the Prophet Elijah, and to turn over to his keeping all of their property. Dowie called himself "Elijah III" and in founding his church he improved on the work of Joe Smith and Brigham Young, who established the Mormon oligarchy, by making it an absolute religious monarchy, with himself as undisputed head.

In the light of the history of religious fanaticism in all times, the world over, it is not at all surprising that having once got the thing fairly started, Dowie made a tremendous temporary success of it, nor is it surprising that he eventually came to grief. Ever since the dawn of history there have been men in every land, Christian and pagan, who have risen up to proclaim themselves of divine origin or divinely appointed, and they have never lacked followers. Such men have invariably possessed the qualities of leadership to a remarkable degree, but few of them have in the end shown themselves to be equally inspired with real piety.

Dowie's shortcomings have always been apparent to everybody except his dupes, but he possessed all the essentials of temporary success, and he preached his hodge-podge creed with the same fiery zeal that Peter the Hermit preached the Crusades and Mohammed proclaimed the principles of Islam. He fairly hypnotized his hearers, and it was not long until they became so numerous and the property which they turned over to him so great in aggregate value that he was enabled to make his second great move. He bought a tract of several thousand acres on the shores of Lake Michigan a few miles north of Chicago and began to build a new town, Zion City, which soon became a populous and prosperous community inhabited entirely by Dowieites. "Elijah III" realized that these people must be given something to do, and believing that manufacturing is the basis of all real prosperity, he established a number of large factories, the principal industry being lace-making. He was careful to retain the title of everything, or nearly everything, in his own name, and as his autocratic sway was undisputed it was not long until he had an enormous income.

The beginning of the end of Dowie dates from his "invasion" of New York. He was so dazzled by his past successes and so firmly convinced of his own infallibility that he thought it would be an easy matter to convert the largest city in the land to his faith. Accordingly he chartered about a dozen special trains, each of ten or twelve coaches, to transport his horde to New York, and Madison Square Garden was hired for his meetings. The exploit ended in the most ignominious failure, though "Elijah III" spent more than a week in strenuous efforts to effect conversions. The venture was simply killed by ridicule, and the hosts of Zion City returned to their homes while Dowie, his wife and son sailed eastward on a trip around the world.

The New York venture is reputed to have cost the Prophet about a quarter of a million good dollars, but its worst effect for him was the revelation to his people of his fallibility. Since then his power has waned, advancing age intensified his egoism, and his domineering methods became more and more unbearable, so it is not surprising that a revolt was finally started which yesterday culminated successfully.

Whatever may be thought of the Christian Catholic church [illegible] there is no room for argument as to the falsity of his system of church government. This is made painfully evident by the announcement that for some time the leader has been secretly urging his followers to practice polygamy. His former power over them was such that, if it had remained unimpaired, they would probably eventually have accepted his advice, even though they knew that in so doing they were violating the laws of the nation and committing a sin which no amount of sophistry can reconcile with the Christian religion. We have seen the effect of this kind of religious leadership among the Mormons, and the vagaries of religious fanaticism are such that when once it gains headway efforts at suppression are almost powerless, for the true religious fanatic enjoys nothing better than persecution, and to him all opposition is persecution.

It is a fortunate thing for the people of Zion City, perhaps for the nation, that Dowie has been overthrown, for in this revelation of his polygamous teachings we may catch a glimpse of the future of the Christian Catholic Church under his sway, and if a further suggestion is needed, it is furnished by the statement of Dowie's son that he could tell facts about "Elijah III" which "would startle the world."

UNTAXED GRAIN ALCOHOL.

A FEW days ago the House Committee on Ways and Means favorably reported the Payne bill providing for the removal of the internal revenue tax on grain alcohol which has been "denatured," or rendered unfit for use, as a beverage or a medicinal agent. This measure is of far greater importance than might be supposed, for if it becomes a law it will make grain alcohol cheaper than gasoline, thus bringing about its use for every purpose for which gasoline is now used, and also making it available for scores of industrial purposes of which the general public has no knowledge. Thus an enormous new industry would be created.

Alcohol is an indispensable ingredient in the manufacture of photographic plates, transparent soaps, smokeless powder, all kinds of celluloid products, and a long list of other articles of everyday use. It is also an excellent fuel, safer than gasoline and yielding equally satisfactory results in stoves, internal combustion engines, etc. Grain alcohol can be made for ten cents a gallon, but the Government tax of $2.07 a gallon increases the cost so tremendously that it has been driven out of all the trades where wood alcohol can be substituted. The latter, however, is not so satisfactory, as it is a deadly poison and highly injurious to the workmen who handle it. The tax also, of course, absolutely prohibits the general use of grain alcohol for fuel.

Grain alcohol can be distilled from any kind of grain or vegetable which contains sugar or starch, so the supply of raw material is unlimited. Corn, potatoes, beets, or even cornstalks may be utilized, and as the stuff can be handled economically in small distilleries it would be possible to establish a plant in every agricultural community which would turn enormous quantities of waste farm products to profit. But this can not be done so long as alcohol is taxed, and the tax can not be removed unless the fluid is rendered unfit for use as a beverage or medicine.

There is a way by which grain alcohol may be "denatured," or rendered so nauseous that the most confirmed liquor fiend would no more think of trying to drink it than he would of trying to drink gasoline, nor can alcohol so treated be profitably redistilled. It is this product which the Payne bill proposes to exempt from taxation, and if the bill becomes a law we will soon be able to buy for fifteen or twenty cents a gallon a grade of alcohol which can be used in the trades and for every purpose for which gasoline is now used.

An interesting aspect of the matter is the effect of such a law on the Standard Oil monopoly. Since the advent of automobiles, which now provide probably the largest market for gasoline, the price of this fuel has been steadily advanced. A monopoly in untaxed alcohol would be impossible, because the stuff could be distilled at every crossroads, and as the removal of the tax would create an opportunity to utilize waste products profitably it is plain that an immense industry would immediately spring up which would drive the Oil Trust out of the gasoline business, at least. Indeed, it is often charged that Congress would have repealed the tax long ago if it had not been for Standard Oil influence. During the present session, however, the manufacturing interests which use large quantities of alcohol have been especially active, and the favorable vote of 14 to 2 on the bill in committee indicates that it has a fair chance of being passed.

The decision rendered yesterday by a Chicago court that the ordinance against over-crowding street cars is void, is a setback to efforts to end this nuisance, at least so far as the Windy City is concerned. This matter of regulating the number of passengers to be carried in public conveyances is one of the things they do better in Europe. There, a transportation company is not permitted to accept more passengers than can be comfortably seated, and thus endless annoyance to the public is prevented. But perhaps such a law would not be popular in this country, for the characteristic American reason that the Yankee wants to "get there" as quickly as possible, even if he has to stand on somebody's toes or let somebody stand on his own toes during the journey.

Mr. Carnegie has not yet explained whether he intends to re-stock all of his libraries with books in which the spelling is simplified.

LIEUT. PIKE'S DIARY

For One Hundred Years Ago Today

Thursday 3d April, 1806.—Sent one man down to examine the river, another to the camp, and took two men myself over the hills on the other side of the Mississippi to hunt. In the course of the day I killed a swan and a goose, and we certainly would have killed one or two elk had it not been for the sledge-dogs, for we lay concealed on the banks of Clear river, when four of these animals came and threw themselves into it on the opposite shore, and were swimming directly towards us, when our dogs bounced into the water, and caused them to turn back; we then fired on them, but they carried off all the lead we gave them, and we could not cross the river, unless we rafted it, being bank full, which would have detained us too long a time. In the evening it became very cold, and we passed rather an uncomfortable night.

THE RISE OF NATIONALISM IN AMERICA.

The individualism of Washington in the days of Jackson and Van Buren, described in an article in the Times last week, was one of the interesting episodes in a nation's progress in finding itself. Social conditions were crude and unformed. It was an era of boasting and of little culture. When a New York distiller sent a cheese weighing 1,400 pounds to President Jackson the mob swarmed through the White house, hacking it to pieces until the carpets were fairly slippery with cheese. In a concert by Ole Bull in Washington the music was interrupted by the exclamation of Congressman McConnell of Alabama, who shouted: "None of your high falutin', but give us 'Hail Columbia' and bear hard on the treble." The spread eagleism of the oratory of the period is familiar through Dickens' caricatures.

But this sort of thing was merely an incident in the development of the colonies into a nation under the influence of a democratic movement dominated by the conditions of the frontier. For the first three decades of its existence the republic was largely concerned with European politics and culture. It looked to London and Paris for its social standards, for its literature and its ideas. It appreciated its own weakness too fully to develop a feeling of self-reliance. Gallatin, as secretary of the treasury under Jefferson, strongly urged the administration to keep the peace at any price on the ground that the government simply could not afford to go to war.

Nobody knew how soon some of the states might withdraw again to the British fold. New Englanders threatened secession in 1814. Burr thought it quite probable that the country might divide into three nations a few years earlier. There was little national life or spirit until Jackson electrified the country by the victory of New Orleans. With the next few years of vigorous growth and expansion the nation began to awaken to its strength and its possibilities. Domestic questions—the bank and internal improvements—began to press upon congress. A wave of democracy swept over the land. The west put "Old Hickory" in the White house and turned out the officeholders.

It was not suprising that a period of intense and narrow Americanism should follow in which the nation should throw off European standards and seek to work out its own salvation in its own way. Indeed it is to the people's credit that the transition was not marked by excesses as well as by eccentricities and that in many cases in which they had discarded modern Europe they went back to Greece and Rome for models. It was partly a result of this experience that America developed the spirit of nationality that enabled it to withstand the strain of slavery and to emerge a united people after the greatest civil war of history.—Kansas City Star.

Press Opinions

THE DIFFERENCE.

Some men are born grafters, some acquire the art after hard practice, and some are elected to the United States senate.—Kansas City Times.

◆ ◆

DEFENSE NEEDED.

President Roosevelt says that we are in urgent need of a better coast defense, and everyone who has been up against the summer rates at the seashore will agree with him.—Philadelphia Telegraph.

◆ ◆

ANOTHER REFORM NEEDED.

While this agitation is going on for a shorter work day it might not be a bad idea to pass a law against telegraph operators working more than nineteen hours out of twenty-four.—Cripple Creek Times.

◆ ◆

ASK THE WIFE.

That Omaha pastor who favors the opening of saloons on Sunday because they are the "workingman's club" might take counsel of the workingman's wife as to where the club hits hardest.—Pittsburg Dispatch.

◆ ◆

MORE NEW RAILROADS.

The Arkansas valley is building more miles of railroad this year than any section of the country of equal size, and this territory to be developed is richer than any other section of equal size.—Lamar Register.

◆ ◆

EASY TO HEAR THINGS.

A man in Colorado Springs who said he could hear voices all about him, speaking from the ceiling, the walls and the floor, was declared sane by a jury, possible because it is so easy to hear anything nowadays.—Cripple Creek Times.

◆ ◆

OVERLOOKING OPPORTUNITY.

There is no legislation on the subject of interstate water rights as yet, either state or national, and very few court decisions. Therefore the loyal citizens of Colorado still have the opportunity to preserve for themselves and their posterity the surplus waters that flow in Colorado streams, especially the flood waters. This magnificent asset is being overlooked by Colorado capital.—Victor Record.

◆ ◆

WOMEN AND CLEAN STREETS.

In the Bavarian city of Munich the streets are cleaned by women. They are kept in such an immaculate condition that they are a constant source of surprise and delight to visitors. The work after all, is in a way housecleaning on a large scale. No American wishes to see his womankind at work on the streets, but why would not a capable woman make a good superintendent of street cleaning? The public could depend upon it that the pavements and gutters would be kept clear of all defilement to the full extent of the means at her disposal. And the men under her would have to work at cleaning streets instead of working at politics.—Cleveland Leader.

◆ ◆

A TIP TO SHIPPERS.

It behooves the merchants of Montrose to begin to look into the question of rate discrimination. When the broad gauge is built and freight comes from Grand Junction way, rates may be changed to suit the haul via that point. On March 15 a rate of 63 cents per hundred in car lots was granted Grand Junction, as against a rate of 65 cents for Montrose, yet Montrose is over 100 miles nearer Denver over the tracks used now.

By reason of this distance this point is entitled to a lower rate than the Junction, and if the Commercial association will go at the matter right there is little doubt it could convince the freight department of the Rio Grande of the fact.

Montrose ought to be a distributing point and jobbing point by reason of its location on the western slope, and a proper effort would get results. The matter ought to be looked into without delay.—Montrose Enterprise.

PUBLIC LIBRARY'S ANNUAL REPORT

CITY COUNCIL GETS GRATIFYING STATEMENTS OF WORK ACCOMPLISHED—FINANCIAL STATEMENT.

Gratifying reports were presented to the city council last night by the board of directors, librarian and treasurer of the public library of Colorado Springs.

The directors called special attention to the fact that the basement rooms remain unfinished and advised that at least one room be set apart, under proper supervision, for recreation for the youth of the city, furnishing them a place for such amusements as chess, checkers, etc. The board complimented Lucy W. Baker, the librarian, and her assistants for the high standard of efficiency attained in their work.

The present members of the board of directors are H. G. Lunt, Henry Russell Wray, G. C. Hewett, W. P. Kinney, Miss [illegible] and [illegible]. Mayor Henry C. Hall is exofficio president of the board.

Librarian's Report.

A portion of the librarian's report follows:

"The circulation and book statistics indicate a steady increase in all departments of the library. The registration shows that 2,537 new membership cards have been issued, a gain of 1,207 over the previous year. The total number of books given out in 1904 was 56,429; in 1905, 81,675, an increase of 25,246, or nearly 50 per cent. There have been 4,905 new books added to the shelves.

"Following is a list of the donors during the year 1905: Art and literature department of the Woman's club, College Woman's club, Cheyenne Mountain Country club, Andy Adams, Mrs. C. K. G. Billings, Miss E. T. Brinley, W. B. Clarke, Mrs. A. L. Dickerman, El Paso club, Miss M. Cale, Mr. Gonzenbach, Mrs. F. C. Harris, Mrs. Otis S. Johnson, Dr. Meltor-Tyndall, Mrs. Miller, Mrs. T. C. Parrish, Dorothy Price, Mrs. F. C. Robinson, R. C. Shannon, Kenneth Smith, State Normal school, University of Minnesota, E. R. Warren, E. C. Woodward, Lee & Shepard (publishers), H. T. Berbling, Mrs. S. K. Bolton, Hon. Franklin E. Brooks, J. H. Deering, Miss Sarah J. Dowdje, T. C. Fisher, Miss Bonnie Ginger, H. Gould, G. C. Hewett, Mrs. W. P. Kinney, Mrs. McMahon, General William J. Palmer, Mrs. Peker, Dr. E. A. Ritter, Hon. J. F. Shafroth, Mrs. Simpson, C. S. Sperry, Miss Steele, Miss Van Pelt, Whitney & Grimwood, Mrs. Henry Russell Wray.

Large Circulation.

"Following are some data as to the conduct of the library:

Number of days open for delivery of books	296
Volumes delivered for home use	81,675
Largest daily circulation	589
Smallest daily circulation	148
Average daily circulation	275
Cards issued to new members	2,537
Juvenile books delivered for home use	22,349
Average daily juvenile circulation	75

Fiction percentage, 72 per cent of total circulation.

Books Owned by Library.

Number of volumes in public library March 1, 1905		9,375
Accessions:		
Added by purchase	4,224	
Added by gift	286	
Added by gift from United States government	235	
Added by binding magazines	141	
Added by receipts from fines, etc	16	
Total additions		4,905
Deductions:		
Worn out and discarded	110	
Lost and paid for	45	155
Net gain		4,750
Number of volumes in library March 1, 1906		14,125

Treasurer's Report.

The report of W. P. Kinney, treasurer, which has been audited and found correct by the Colorado Title and Trust company, shows the following totals:

Total receipts	$26,622.14
Total disbursements	25,446.39
On hand March 9, 1906	$1,175.75

The receipts include a balance on hand March 1, 1905, of $4,221.21; received from the city of Colorado Springs, $6,600; received from El Paso county, $500; balance of donation from Andrew Carnegie, $15,600.

Included in the disbursements are a balance on the new building, $16,752.38; furniture and fixtures, $1,[illegible].34; books, $2,137.74; salaries, $1,976.30.

"DORA THORNE" A BEAUTIFUL PLAY

"Dora Thorne" will be presented at the Opera house for three performances at popular prices Friday and Saturday night's and Saturday matinee. The matinee prices will be children 25c, adults 50c. Evening prices 25c, 50c, 75c and $1.00.

That idyllic picture of the rural English home life together with its flight to the most aristocratic circles of English society, "Dora Thorne" is proving one of the most interesting and successful new plays of the present season. The book of "Dora Thorne" had a wonderful vogue some years ago, and still has a steady circulation; as a novel of its class it has seldom been surpassed; a beautiful story of love written around a moral which is as powerful as it is true. "The consequences of sin seldom end with its originators," is an old adage, but one which is ever new, coming up before us as a truth day by day, and one which shall do so as long as the world shall last. This theme is brought out in the play of "Dora Thorne" as in the book with a wonderfully original setting. Tears and laughter follow in quick succession, sincere heart interest is manifest at every turn, interwoven with the most powerful of all themes—"Love." It is love which makes the world go around.

TEXAN TOURISTS COMING.

H. M. Holleman, manager of the Texas-Colorado Tourist agency, will arrive in this city this week to secure data for his bureau. He says that the people of Texas are manifesting considerable interest in Colorado resorts and that although there were thousands of them in Colorado Springs last year, there will be twice as many here this year.

SLEEPLESSNESS

You will have no difficulty in procuring rest and sleep if you will let Dr. Miles' Nervine soothe and strengthen the tired, agitated, weakened brain nerves. So long as they remain in this condition, you will be restless, irritable, melancholy. You are welcome to your money back if first bottle does not help.

NEWS OF THE COURTS

Cases Against Alleged Sheep Thieves Postponed for One Week.

The case of the People versus Rice Hayden, a colored cook at the Alamo, charged with assault and battery, was tried before Justice O. R. Dunnington yesterday and resulted in a verdict of not guilty. Otto Landmassey, an engineer at the Alamo, claimed that Hayden had hit him first in a mix-up, but witnesses testified that both men had rushed at each other at the same time, and that no one was very much at fault.

The cases of the men charged with stealing sheep from the Rock Island pens at Roswell, which were set for yesterday before Justice W. N. Ruby, have been postponed for one week by agreement of attorneys.

Judge Lewis entered the following orders in the district court yesterday: Belle Stray versus Frank L. Lane, defendant given ten days to plead to amended complaint; Western Electrical company versus the El Paso County Telephone company, defendant's demurrer overruled, ten days to answer; W. W. Price versus E. A. Colburn, Jr., et al, demurrer of defendant overruled, 15 days to reply; Julia F. Bergan versus estate of John J. Bergan, motion for new trial overruled; H. A. Brown Commission company versus S. E. Shellenberger, demurrer of defendant overruled, ten days to answer; Celia Wyman versus Henry W. Wyman, stricken from trial calendar.

GERMANY HAS A BIG COAL STRIKE

BERLIN, April 2.—The miners of brown coal, from which bricquettes are made, are agitating throughout middle Germany for higher wages. Four thousand men struck on Friday and some thousands of others stopped work today. The mine owners are holding a meeting at Leipzig, but a general strike of the brown coal miners is expected.

The Neckwear for Easter

If you have an eye for beautiful and very tasteful neckties you'll appreciate our showing of the new creations for this Easter season. Exclusiveness in men's wearing apparel is one of our pet hobbies.

In our showing of gentlemen's neckwear this exclusiveness is particularly noticeable. All the new shades and colors that are shown by the best haberdashers of the east are to be seen in our late arrivals. Beautiful and rich grays, blues, reds, greens, purple, lavenders, made up in several widths of four-in-hand.

POPULAR PRICED, 50c AND $1 00

HOLBROOK & PERKINS

REDUCE CAPITAL STOCK TO $8,000

ANNUAL MEETING OF MEXICAN NATIONAL CONSTRUCTION CO YESTERDAY SOLD RAILROAD FOR $500,000

At the annual stockholders meeting of the Mexican National Construction company held in Colorado Springs at noon yesterday the following directors were elected: A. Browne, W. H. Dudley, J. J. Maguire, H. I. Nickerson, James Piper, A. A. Robinson, F. P. Smith [illegible] of New York, Pablo Martinez del Rio, Luis Mendez, General Francis [illegible] Naranjo, Dr. Manuel Ortega y Reyes and H. P. Webb of the City of Mexico. The directors will meet in New York to select officers.

The Mexican National Construction company was capitalized for $800,000 and approximately three-fourths of the stock was represented at the meeting in this city yesterday. It was voted to reduce the capital stock to $8,000. Recently the company sold to the Mexican Pacific Railway company the line of railway extending from the municipality of Colima to the municipality of Mazanillo both in the state of Colima Republic of Mexico for an approximate consideration of $500,000. The railway which is 60 miles in length was constructed when General William J. Palmer was interested in the company. General Palmer however disposed of his holdings a number of years ago. The company is a Colorado corporation and the principal offices are in the Out West building this city. A. A. Robinson is president, H. R. Nickerson vice president and James Piper secretary.

FLOWER SEEDS FOR CHILDREN

HORTICULTURAL SOCIETY DISTRIBUTES OVER 6,000 PACKAGES IN GRADE SCHOOLS OF THE CITY.

F. F. Horn secretary of the El Paso County Horticultural society, has commenced the distribution of over 6,000 packages of flower and vegetable seeds to school children of Colorado Springs. The products are to be exhibited at the annual flower show which is to be given on August 23-25 inclusive.

Large sized packages, containing 21 varieties of flower seeds and ten varieties of vegetable seeds are to be distributed to the school children at two cents per package. The low price at which they are supplied will admit of the beautifying of many home premises.

No little interest is being taken in the Horticultural society project this year. Mr. Horn has received many applications for the seeds from every school in the district, the greatest number being from the Lowell school, the pupils of which have sent orders for over 1,200 packages.

Sanderson Commission company, 109 South Cascade, will buy live poultry.

NEARLY CRUSHED BY AN ELEVATOR

MISS RUTH RICE HAD NARROW ESCAPE FROM DEATH IN GIDDINGS BUILDING YESTERDAY.

Miss Ruth Rice stenographer for the Golden Cycle Mining company narrowly escaped being either crushed to death or maimed for life in endeavoring to alight from a moving elevator in the Giddings building at 1 o'clock yesterday afternoon. But for the prompt action of Thomas Brooks the elevator boy Miss Rice would have been caught between the floor of the cage and the steel guard which encloses the shaft.

Until Saturday Miss Rice was stenographer for W. S. Morris. This morning she assumed similar duties with the Golden Cycle Mining company. After luncheon she was returning to the offices on the third floor of the Giddings building failing to tell the elevator boy at what floor she wished to alight. A man left the cage at the third floor. As the boy threw on the power with one hand and gave the sliding door a push with the other Miss Rice sprang toward the opening. She slipped to the floor of the cage and, with part of her body inside and part outside it seemed certain that she would be badly injured. Fortunately young Brooks was able to throw off the power in time to save her. A few inches more and she would have been crushed. As it was she sustained only slight bruises.

A Question that Every Man Should Decide for Himself.

There is one subject in which many of us are interested and that is, what is the quickest way of getting rid of a troublesome cold? Is it best to take some new remedy put out with exaggerated claims or to pin your faith to Chamberlain's Cough Remedy a preparation that has won a world wide reputation and immense sale by its cures of this disease? This remedy is for sale by all druggists.

SPEND 12 YEARS IN PENITENTIARY

SUPREME COURT UPHOLDS SENTENCE PASSED ON HENRY COVINGTON FOR MURDER [illegible]

The supreme court of Colorado has sustained the sentence of Henry Covington to twelve years in the penitentiary for the murder of Winnie Adams on the evening of January 4 1905 at the coal mines north of Colorado Springs. Attorneys for the convicted man tried to secure his release because there was a mistake in the indictment which in one place read "she" instead of "he". In sustaining the sentence of the district court of El Paso county, the supreme court, in a decision handed down in Denver yesterday, said that the mistake in the indictment was "an unsightly literary blemish but not a grave legal infirmity."

Half-Sick

When your nerves are weak, when you are easily tired, when you feel all run down, then is the time you need a good strong tonic — Ayer's Sarsaparilla. Your doctor will tell you why it has such power over weak nerves, why it makes the blood rich, and why it gives courage and strength. Ask him if it is not just the medicine you need.

We [illegible] We publish the formulas of all our medicines! J. C. Ayer Co., Lowell, Mass.

Time to Think

It is time to be thinking about Garden Hose, even if you do not need it immediately. Think of us when you get ready for hose.

XX ½ INCH RUBBER HOSE	7¢ Ft.
MOOSE ½ INCH RUBBER HOSE	10¢ Ft.
GULF ¾ INCH RUBBER HOSE	13¢ Ft.
DIAMOND 400, ¾ INCH RUBBER HOSE	13¢ Ft.
(Equal to any 20c Hose in town—Why pay more?)	
PACIFIC ¾ INCH COTTON HOSE	10¢ Ft.
ATLANTIC ¾ INCH COTTON HOSE	11¢ Ft.
SUMMIT ¾-INCH COTTON HOSE	12¢ Ft.

We claim (without fear of contradiction) that the "Summit" is the BEST cotton hose, regardless of higher priced.

PACKARD GOES TO PERSIAN MISSION

GRADUATE OF COLORADO COLLEGE CHOSEN TO TAKE CHARGE OF HOSPITAL AT TEHERAN.

Dr. Harry Packard of Denver a graduate of Colorado college and one of the best athletes that ever represented the college has been chosen by the Presbyterian board of foreign missions to take charge of the mission hospital at Teheran the capital of Persia. It is a position of great honor, and the last physician who held it was decorated on several occasions by the shah.

Dr. Packard is well known all over the state because of his prowess in athletics particularly in football and baseball at Colorado college from which he was graduated in 1898. His wife is a daughter of Dr. Frank Bayley of the Plymouth Congregational church of Denver. She was graduated from Colorado college in 1897.

Mr. and Mrs. Packard will leave Denver May 1 for New York where Dr. Packard will take a post graduate course in surgery. They will sail for Persia August 1.

THOS. F. WALSH ACCEPTS

Will Serve as Director General of the Pike Centennial

Thomas F. Walsh yesterday wired from Washington his acceptance of the appointment as director general of the Pike Centennial celebration and expressed his appreciation of the honor conferred.

Plans for a contest for some other form of entertainment for automobilists who attend the Centennial celebration will be considered at a meeting of the Colorado Springs Automobile club to be held this morning.

THIRD ARTIST CONCERT

Gerardy Recital Last Night Attracted a Brilliant Audience.

A brilliant audience representing the musical culture of Colorado Springs greeted Gerardy, 'cellist, at his recital last night. His was the third artist's concert given by the musical club and was a fitting climax to a successful season.

Once in Chicago, when Joseph Hofman finished a concerto and retired to Mr. Thomas' room, Jean Gerardy did not hesitate to plant a kiss on his cheek—an impulsive tribute of artistic appreciation as well as brotherly affection. The Gerardy of last night was the same open-hearted musician. Nobility of character and fine feeling are expressed in his wonderful playing. Classic finish, sensitiveness of expression and deep coloring and shading were always there. In the Schubert number one could have imagined that a flute was playing during the harmonics.

The opening concerto of Saint-Saens and Schumann's Abendlied deserve special mention. Boellmann's variations were also very beautiful in effect and the entire program played with the finish of an artist. Two encores were granted after much applause a selection of Herbert's and Tre Giorni by Pergolesi. Mrs. J. Dawson Hawkins, at the piano played the accompaniments with beautiful finish.

Chamberlain's Cough Remedy a Favorite.

We prefer Chamberlain's Cough Remedy to any other for our children," says Mr. L. J. Woodbury of Twining, Mich. "It has also done the work for us in hard colds and croup and we take pleasure in recommending it." For sale by all druggists.

THREE FIRES DEPARTMENT KEPT BUSY YESTERDAY

Three fires kept the fire department in action almost all day yesterday. At 5:20 o'clock yesterday morning companies No. 2 and No. 3 and the truck were called to the chicken farm of Clay & Cooper at 1412 North Chestnut street to extinguish an incubator house fire. About 250 chickens were burned and the building damaged to the extent of $500. At 7 o'clock yesterday morning the department was called to 726 South Weber street, where a summer kitchen belonging to Tom Allen was in flames. The loss was $600 uninsured. At 1 o'clock yesterday afternoon the department responded to a call at 1020 North Walnut street, where fire damaged the A. G. Clark residence to the extent of $25.

MAKES STRONG HEARTS

Thousands of weak hearts have been made strong and healthy by the use of Dr. Miles' New Heart Cure. It acts directly upon the heart muscles and nerves, quieting the excited condition, nourishing and building up their wasted energies. It regulates the circulation, stimulates the appetite and tones up the stomach. If first bottle fails to benefit money back.

TO STUDY COAL STRIKE

H. C. Harmon Goes East to Get Business for Springs Operators.

H. C. Harmon president of the Colorado Springs Fuel company, left yesterday to visit cities in the Missouri river valley district and to size up the coal situation. Ever since developments in the conference between coal miners and operators in the eastern field assumed a phase indicating a probable strike, local coal operators have been flooded with inquiries which pour in by every mail and many by wire. The Colorado Springs Fuel company, which handles the entire output of the Pike's Peak Fuel company has received such a string of inquiries that Mr. Harmon has decided to spend several weeks in the field.

The surest and safest remedy for kidney and bladder diseases is Foley's Kidney Cure. If taken in time it affords security from all kidney and bladder diseases. It makes them right. Don't delay taking. For sale by Hefley-Arcularius Drug Co.

Societies and Clubs

Colorado Springs post No. 22, G. A. R. will meet this evening in the hall for the regular business session. All members are urged to attend as arrangements for attending the coming encampment at Greeley will be discussed.

Open house for ladies will be held at the Elks club this afternoon from 2 until 5 o'clock. Music has been arranged for, and refreshments will be served.

A new circle of the Women of Woodcraft is being formed in this city, more than forty members having already been secured. It is hoped to obtain a membership of at least 100 before the close of the month. The charter has been granted and the chief organizer soon will arrive formally to complete organization of the [illegible]

A Habit to Be Encouraged.

The mother who has acquired the habit of keeping on hand a bottle of Chamberlain's Cough Remedy, saves herself a great amount of uneasiness and anxiety. Coughs, colds and croup, to which children are susceptible are quickly cured by its use. It counteracts any tendency of a cold to result in pneumonia, and if given as soon as the first symptoms of croup appear, it will prevent the attack. This remedy contains nothing injurious and mothers give it to little ones with a feeling of perfect security. Sold by all druggists.

RATIFICATION OF ANACONDA DEAL

DIRECTORS FAVOR MERGER OF COMPANYS' HOLDINGS WITH THE MARY M'KINNEY COMPANY

Directors of the Anaconda Mining company met in Denver yesterday and voted unanimously in favor of disposing of the property of the company, about 100 acres on Gold hill in the Cripple Creek district, to the Mary McKinney Mining company. The transaction is to be made upon a basis of exchange four shares of Anaconda stock for one share of Mary McKinney. A circular letter presenting the proposition to Anaconda stockholders will be issued within a few days. So far as known all the Anaconda people indorse the plan.

All of the directors of the Anaconda were present at the meeting yesterday. They are: F L Sigel, president; F J Campbell, secretary and general manager; G S Wood, G W Pell and A E Carlton. It is understood that two of the larger holders in the Anaconda are to be given places on the Mary McKinney directorate when the deal is completed.

WORK M. & M. CO. ANNUAL MEETING

OFFICERS AND DIRECTORS RE-ELECTED—REPORTS SHOW $13,000 IN TREASURY AND NO DEBTS.

Officers and directors were re-elected at the annual meeting of the Work Mining and Milling company, which was held at 129 East Pike's Peak avenue at noon yesterday. They are: Irving W Bonbright, president; J Arthur Connell, vice president, manager and secretary-treasurer; Marion F. Stark, second vice president and superintendent. These, with Sheriff Edward Bell of Cripple Creek and E E Quentin of Denver, comprise the directorate. The company is capitalized for 1,500,000 shares, of which about 850,000 shares were represented at the meeting.

The report of the treasurer showed that the company had over $13,000 in the treasury and no debts. Property owned by the Work company comprises 39¾ acres, patented, on Raven and Gold hills in the Cripple Creek district. There are no operations now on company account, but eight or ten sets of lessees are at work. Vice President Connell and Superintendent Stark reported an excellent showing on the Little Clara claim, under lease to Marsh and Miller, who are operating through the Ophelia tunnel. They have a body of ore showing at the intersection of several north and south veins, with a basalt dyke, as is characteristic of the geological formation of that section. The ore, which is at a depth of between 350 and 400 feet, has been opened for forty feet in one direction and for fourteen feet in another. Carload shipments give returns running between four and five and three-fourths ounces. Its gross production to date is estimated to be between $500,000 and $600,000.

MINING NEWS

WELLS GAVE UP LEASE ONE DAY TOO SOON—E L STINGLEY IS LUCKY.

Special to The Gazette.

CRIPPLE CREEK, April 2.—E L Stingley has secured a three-year lease and a bond in the sum of $[illegible] on the Buckhorn claim on [illegible] from J A Vincent of Philadelphia.

The property until Saturday had been under lease to Superintendent Wells of the American Eagles. He turned the bond and lease over to Stingley Saturday night. Yesterday Stingley put in a round of shots and found the contact for which Wells had been hunting for a year. In a winze 60 feet deep Stingley has opened two and one-half feet of ore which gives average values of $25. A streak eight inches wide gives returns of $260 and shows a quantity of sylvanite. Stingley will put on a plant of machinery and develop the property at once.

An official of the Trilby Mining company, operating on the Trilby and Ben Harrison claims, stated tonight that he felt certain the company would during the next few days make the second payment on the property, amounting to $50,000. When this is paid there still remains $100,000 to be paid on or before May 1 1907. During March 300 tons of $35 ore were shipped.

Mickey Anderson and company, operating on the Ramona, today shipped a car of ore that will give returns of $50. They are breaking three feet of ore at a depth of 250 feet.

Lessee James, working on the Unexpected claim, is breaking about four feet of ore at a depth of 300 feet. It runs about one ounce of gold to the ton.

Gillespie, Clark and company, operating at a depth of 400 feet on the Old Gold, today shipped a car of ore that will run about $40. They are breaking ore in two different places on the same shoot, which is from four to six feet wide.

HUMAN BLOOD MARKS

A tale of horror was told by marks of human blood in the home of J W Williams, a well known merchant of Bac, Ky. He writes: "Twenty years ago I had severe hemorrhages of the lungs and was near death when I began taking Dr King's New Discovery. It completely cured me and I have remained well ever since." It cures Hemorrhages, Chronic Coughs, Settled Colds and Bronchitis, and is the only known cure for Weak Lungs. Every bottle guaranteed by the Hefley-Arcularius Drug Co. 50c and $1.00. Trial bottle free.

BABY'S VOICE

Is the joy of the household, for without it no happiness can be complete. How sweet the picture of mother and babe, angels smile at and commend the thoughts and aspirations of the mother bending over the cradle. The ordeal through which the expectant mother must pass, however, is so full of danger and suffering that she looks forward to the hour when she shall feel the exquisite thrill of motherhood with indescribable dread and fear. Every woman should know that the danger, pain and horror of child-birth can be entirely avoided by the use of Mother's Friend, a scientific liniment for external use only, which toughens and renders pliable all the parts, and assists nature in its sublime work. By its aid thousands of women have passed this great crisis in perfect safety and without pain. Sold at $1.00 per bottle by druggists. Our book of priceless value to all women sent free. Address [illegible]

MOTHER'S FRIEND

MARKET SHOWS RENEWED ACTIVITY

AGGREGATE TRANSACTIONS AMOUNT TO OVER A MILLION SHARES FOR FIRST TIME IN WEEKS

NEW YORK, April 2.—The action of the stock market today was accepted as a demonstration of confidence on the part of the speculative element which embarked on the long side last week in the strength of their position. That position was maintained and prices advanced briskly with more show of breadth and animation in the trading than at any time since the movement began. The aggregate transactions for the day rose to over a million shares for the first time in several weeks.

The money market showed relaxation as was expected, the call loan rate being [illegible] per cent less from the opening [illegible] to ten per cent when the day's borrowing was mostly completed. The comparatively good condition as to money was the result of heavy disbursements of liquidations and interest paid by the banks and the payment of some $2,000,000 of government interest. The arrival on Saturday of $1,500,000 gold from Germany had its effect on the available reserves of the banks. Opinion was not entirely [illegible] as to how far the expected relaxation in the money market may be expected to go. Time loans were quoted at five per cent for all dates. Discounts were marked down at London, Paris and Berlin and foreign exchange yielded here, but the price of gold advanced in London and sterling exchange declined at Paris. Compilations of new capital issues made [illegible] March showed a total of less than a hundred millions compared with $2[illegible] in February and $122,174,000 in January. This decided shrinkage is the natural response to the torpid state into which the bond market has fallen as a result of the large previous additions to the surplus offering. In the same connection several offerings made within the last few days by railroad companies of [illegible] issues with authorized bonds as collateral are attracting attention. This was a device resorted to by the railroads on a large scale during the last previous period when the bond issue became unsalable. The dissolution last week of the Pennsylvania convertible bond syndicate formed to underwrite the $100,000,000 issue a year ago was reported to have resulted in the distribution of forty per cent of the issue unsold to its members. The liquidation of this bond in evidence today was considered to be a consequence of the dissolution of the syndicate.

Speculative sentiment over the local outlook was cheerful. This view was made up partly from the conviction that the preceding decline in stocks has discounted an expected closing down of coal production. There is a sanguine expectation in the financial district that the difficulties in the anthracite industry will be promptly adjusted. Evidence that only a partial shutdown has been effected in the soft coal production took the edge off the apprehension over the consequence. Railroad officials east and west were reported as giving assurances of large supplies of fuel on hand both for the railroads and manufacturing industries.

The weakness of Consolidated Gas unsettled the market, but the late flurry to ten per cent in the money rate was practically ignored as it was not considered a representative of the real conditions in the market. The overconfident borrowers left their requirements uncovered early in the day and the rate was bid up on them. The market closed strong and active, a number of stocks rising vigorously in the closing dealings.

Bonds were slightly irregular. There was a very heavy absorption of the United States Steel seconds. Total sales, par value, $4,695,000.

Bonds were all unchanged on call.

GRAIN MARKET SHOWS WEAKNESS

WHEAT CLOSES WITH PRICES AT THE TOP—CORN AND OATS REGAIN THEIR EARLY LOSSES.

CHICAGO, April 2.—The market opened steady but commenced to weaken during the first hour on free selling by pit traders and commission houses. The favorable weather in the southwest and reports of probably increasing receipts in the northwest dispelled the early firmness and prices dropped somewhat. About the middle of the session the sentiment again favored high prices, chiefly because of a strong close in the Liverpool market. Throughout the remainder of the day the market held firm, a decrease of 812,000 bushels in the visible supply furnishing additional strength to prices. The close was firm with prices almost at the top. The May option opened a shade lower to 1-8@1-4 higher at 77 1-4 to 77 1-2, sold off to 77@1-8 and then advanced to 77 3-4. The close was at 77 1-2@5-8. July ranged between 76 1-2 and 77 1-8 and closed with a net gain of 1-8 at 76 7-8@77.

Clear weather and the easier tone in wheat caused a slight decline in corn at the opening. The market closed firm. May opened unchanged at 44 1-4, sold off to 43 7-8 and closed at 44 3-8, the highest point of the day.

Oats opened easier but subsequently regained all of the early loss. The May option opened unchanged to 1-4 lower at 30 3-8@1-2 to 30 5-8, sold off to 30 3-8 and closed at 30 7-8, the highest of the day.

Trading in provisions was quiet but the market was firm all day. At the close May pork was up 7 1-2c at $16 32 1-2. Lard was up 5@7 1-2c at $8 42 1-2. Ribs were 2 1-2c higher at $8 67 1-2. The board will close tomorrow, election day.

A CHATTANOOGA DRUGGIST'S STATEMENT

Robt J Miller, proprietor of the Read House Drug Store of Chattanooga, Tenn., writes: "There is more merit in Foley's Honey and Tar than in any other cough syrup. The calls for it multiply wonderfully and we sell more of it than all other cough syrups combined." For sale by Hefley-Arcularius Drug Co.

TRADE those things about the house you don't want for the things you do want. The Gazette's "Everybody's Exchange" column will make the exchange for ten cents.

COLORADO CITY

COLORADO CITY COUNCIL

Large Amount of Routine Business Transacted Last Night.

The city council met last night in regular session. All members were present except Alderman Charles Corporal.

A petition signed by about 100 citizens requesting that North Fifth street be opened to Jackson avenue was referred to the street committee.

The treasurer's report shows $2,688.40 in the treasury. The police magistrate's report showed $26.75 collected in fines during March. Chief of Police Birdsall's report stated that 67 arrests were made during the month.

The regular salary roll of $832.22 and miscellaneous bills to the amount of $[illegible] were allowed.

A resolution was introduced instructing the city marshal to turn into the city treasury any and all fees received by him under the ordinance against permitting animals to run at large. City Marshal George Birdsall addressed the council, claiming the state law covered the point. The resolution was adopted.

Sidewalk assessments of $30.40 against lot 9, block 179, and $10.50 against lot 12, block 9, Colorado City, were made.

Plumbing license was granted to the Wister Plumbing company.

Wholesale liquor licenses were granted to James I Lacey, Wagner-Stockbridge company, Colorado City Ice, Fuel and Feed company, M Schwartz & Co., John W Fletemeyer and J Goldsmith; retail liquor license, N B Himes, David Reese, Ahrenfeldt, James I Lacey, A Baumgarten, F Risser, D Sponsiller, H Geissing, John Daugherty, Jake Smith, James Corbet, John Dempsey, George Rymer, Tom Rubis and W H Abbey.

A petition signed by 87 citizens requesting that a liquor license be granted to Henry Coby was tabled.

A request from Colorado Springs Elks lodge asking a donation to the fund for defraying expenses of entertaining visiting delegates next summer was referred to the finance committee.

COLORADO CITY NEWS NOTES.

Miss Renna Long has resumed her position with I A Foote & Co.

Mrs Rosalina Williams has gone to Tipton, Ia., to visit relatives.

Ernest Waycott will begin building the bridges in Thorndale park today.

Woodbine camp No. 23, Royal Neighbors of America, will meet this evening.

W B Root, a former resident of this city, was here yesterday visiting friends.

The Rev. Charles F. Seitter left yesterday for Trinidad to take part in revival meetings.

The congregation of the First M. E. church raised $1.50 Sunday to lift the church debt.

Jack Ridenour, George Geiger and William Dyer returned yesterday from a duck hunt on the Lamar lakes.

Pupils of the Sunday school of the Church of the Good Shepherd will hold a joint debate in Waycott Opera house tonight. Subject: "Resolved, That the Pen is Mightier Than the Sword."

Hollis Hickcock, 12 years old, son of W C Hickcock of this city, died in Pueblo Sunday morning of diphtheria. The body was brought here yesterday and buried in Fairview cemetery.

Mrs. L W Wheeldon, who has been visiting friends in Denver for two weeks, was notified yesterday of the serious illness of her father in Mount Vernon, Ill., and left at once for his bedside.

Miss Lillian Hill, who accidentally shot herself through the foot a week ago, is in a serious condition at her home, 1815 Grant avenue. Dr J F Willard was called yesterday and extracted several pieces of bone from the wound. It is said she may be crippled for life.

Mrs. Amanda Copeland, 64 years old, died at her home, 901 Jackson avenue, at 1 o'clock Sunday morning. She was the mother of Mrs. A Hughes of this city. The funeral will be held at 10 o'clock today from Woodmen hall. Burial will be in Fairview cemetery. Women of Woodcraft are requested to meet at the office of J P Bates at 9 30 o'clock to attend the funeral.

A surprise party was given Dr. and Mrs. J F Willard at the home of William Lushinsky, 104 Colorado avenue, Saturday night. Dr. Willard was presented with a handsome antique oak office chair engraved with his monogram and the emblem of the M W of A. Refreshments were served and games were played until a late hour. Among those present were: W F Rutherford, D J Edwards, H O McDowell, W J Hitchings, Mr. and Mrs. A G Dixon, W B Roderick, A W Engstrom, G W McDowell, W T Dassett, J W Archer, William Lushinsky, J P Miller and daughter Dora, Kelchner, Mrs. E Morse, Katherine Archer, Aletha Miller, Bessie McDowell, Eva Lushinsky, C A Roderick, J D Smith, J W Crim, Charles Brooks, A B Hope, W W Wheeler and W F Worley.

BUY a copy of the El Paso County Democrat's ELECTRIC LIGHT EDITION. Will be on sale at Colorado City and Colorado Springs news stands Saturday and Sunday. It will be worth preserving for future reference.

ALL traders come together in The Gazette's "Everybody's Exchange" column. Costs ten cents.

CHRONIC BRONCHITIS CURED.

"For ten years I had chronic bronchitis so bad that at times I could not speak above a whisper," writes Mr. Joseph Coffman, of Montmorenci, Ind. "I tried all remedies available, but with no success. Fortunately my employer suggested that I try Foley's Honey and Tar. Its effect was almost miraculous and I am now cured of the disease. On my recommendation many people have used Foley's Honey and Tar, and always with satisfaction." For sale by Hefley-Arcularius Drug Co.

TRADE those things about the house you don't want for the things you do want. The Gazette's "Everybody's Exchange" column will make the exchange for ten cents.

TO DISCARD RUSSIAN NAME.

Louis Wornitz, a Russian, aged 28 years, has filed a petition in the circuit court of St. Louis asking that his name be changed to Louis Hart. The Russian is a traveling salesman and represents that he is at a disadvantage in business by reason of the fact that he retains his Russian name. He says there is at present much prejudice in the United States against Russia. He also states that he wishes to effectually disavow all connection with the Russian empire.

DRESSMAKING.

DRESSMAKING by the day. 1096 N. Nevada.

EVERYBODY'S EXCHANGE

5c per Line per Issue

6 Words per Line

Here is the public auction block—the general trading and "swap" counter for the entire city. No matter what you have to trade, somebody else will be wanting that very thing, so announce it here. Trade that old sewing machine for a library table—that old folding bed for an iron bed, that old shot gun for a fishing tackle, that camera for a rifle, that horse and buggy for a corner lot, that corner lot for a summer ranch. It don't make any difference what you want, somebody else will be wanting to get rid of that very thing for something you yourself do not desire. The "Everybody's Exchange" in the Gazette will do the work quickly and quietly and bring the traders together. You can use a "blind" office address and no one except the interested parties will be the wiser.

TO RENT—FURNISHED HOUSES

PRETTILY furnished 2-room cottage, also rooms with board, very reasonable. THE ARLINGTON, Pawnee Ave., Manitou.

City Briefs

Satisfied people — use Asher's [illegible]

FINELY furnished rooms, Y. M. C. A.

DR. OTTO E. ZILLMAN, physician and surgeon, 110 South Tejon street, over the Emporium.

PRESBYTERIAN—The annual business meeting of the First Presbyterian church will be held Wednesday evening at 7:45 o'clock in the church parlors. Officers will be elected and reports read.

LICENSED TO WED—William H. Butler, aged 29, and Frances H. Bracken, aged 22, both of this city, were given a license to wed yesterday by the county clerk.

WANTS PARDON—At a meeting of the board of pardons of the state penitentiary next Friday afternoon C. P. Shores, who was sentenced from El Paso county to from 20 years to life for murder, will ask to be pardoned.

BUILDING PERMITS—The city building inspector yesterday issued permits to H. L. Bishop for an addition to the residence at 511 East High street, costing $300, and to Edward Bruso for an addition to his home at 5 West Moreno street, costing $200.

VAUDEVILLE—Lymon Stewart, 322 North Institute street, walked through a plate glass door at the cigar store at 108 Pike's Peak avenue last night while perfectly sober. He didn't see the door.

BASEBALL—At a meeting of the senior members of the Y. M. C. A. in the association building last evening, it was decided to start the baseball season of the senior team by a game with the High school team Saturday. Arrangements for the game will be made today.

BUY BUSINESS—C. N. Tuckerman and T. E. Linn have purchased the business of Roberts & Bischoff, contractors. Mr. Tuckerman and Mr. Linn have been employes of the firm for several years.

EXCURSIONISTS—A party of Raymond & Whitcomb excursionists from eastern states, which has been touring California, is at the Cliff House, Manitou. This is the first big party of excursionists to visit the Pike's Peak region this season.

DEATH—C. P. Essick, clerk of the Woodmen of the World, received word Saturday of the death in San Francisco of John Weatherspoon, a former resident of this city. Mr. Wetherspoon was a member of the Woodmen of the World.

FALSE PRETENSES—N. H. Clark, of this city, who was arrested by the police Sunday on request of Victor authorities on a charge of obtaining money under false pretenses, was taken to Victor yesterday by Deputy Sheriff Guyton, of Teller county.

DIED—Mrs. Amanda Copeland, who has been a resident of this city for over thirty years, died at her home near Florissant, Sunday evening. Mrs. Copeland is survived by a son, George Copeland, of this city, and two daughters. Funeral arrangements have not yet been made.

CHURCH CONFERENCE—The Rev. J. N. Hanes, presiding elder of the Colorado conference of United Brethren, will preach at the United Brethren church this evening at 8 o'clock and tomorrow evening at the same time. After short services both evenings, business meetings of the quarterly conference will be held.
